ADOPT PORCUPINE AS OFFICIAL MASCOT

Ms. Harlos clarified that she did not intend by way of her motion to make the porcupine a mascot but that was the only word that came to her at the time. She clarified her intent as follows:

In election seasons, the media uses very recognizable animals in a certain type of style for the old parties, and we need something that will encourage them to use something for us that fits that style, and the chicken ain't right for that, but the porcupine is, and that is really the ONLY use case I am advocating for. If we want the media coverage we need to fit in the existing template as it were, and we have done that by having the colour yellow - so on an electoral map, we fit into their "template" - blue, red, and yellow. Perfect. We need to that with an animal - ass, elephant, and porcupine is perfect. And the porcupine does communicate something about our philosophy that the other minority contenders like the penguin, lion, or bison do not, and it has wide popularity. We even sell porcupine t-shirts and pins.

Ms. Harlos moved to amend the Policy Manual as follows:

Policy Manual 2.06(2)

2) Graphic Symbols and Colors - The Statue of Liberty graphic and the Torch Eagle graphic are considered the appropriate graphic symbols to be used on Party materials. Yellow, black, and grey are the appropriate primary colors to be used on Party materials. The porcupine can be used in settings where it is typical for a graphical animal image to be used, such as in election coverages in races with the Democrats and Republicans in which the donkey and the elephant are used for their representations. [200913-4]

Ms. Hogarth moved to amend to strike out porcupine and insert American bison.

The motion died for lack of second.

Ms. Sarwark moved to add that the name of the porcupine is George Quillies.

With the consent of the body, Ms. Sarwark withdrew the motion and asked that we consider the name unofficial.

Ms. Harlos moved to extend time for ten (10) minutes.

The motion PASSED by a show of hands with a count of 10-4.
Mr. Luchini moved to end debate.

The motion **PASSED** by a show of hands with a count of 10-3.

Chair’s Report

I became Chair upon the close of the second sitting of the National Convention on July 12, 2020. I was confronted with two immediate priorities: (1) assisting the Secretary in finalizing and releasing the At-Large and Judicial Committee vote totals and (2) assessing our ballot access efforts to determine where to deploy additional resources, particularly in light of the pandemic conditions. In the subsequent two months, I have been quickly tackling a number of urgent action items:

LNC Matters

- On July 14, we released At-Large and Judicial Committee vote totals. The Secretary and I chose to have results triple-checked (verified by delegation on ballot being cast, being checked by tellers when tabulated, and being re-verified by the delegation) as the best proxy for the “scroll call” that we couldn’t do as a result of adjournment. This triple-check discovered a tabulation error (Maryland seemingly casting far more votes than it was permitted, and the error not being caught by the delegation upon submission or the tellers upon data entry or verification) and a teller leak prior to the results being finalized unfortunately led to incorrect Internet speculation as to the winners, specifically that Ms. Sexton had won and Mr. Raudsep had lost when it was the reverse. I spoke extensively with both of those individuals as the count was being finalized, and apologized to Ms. Sexton on behalf of the Party for what happened. I am aware of other examples in the official tally of states seeming to cast more votes than authorized, although none affect the final results. I ask that the Secretary and the LNC work together to revise our processes to address this prior to our next convention.

- On August 4, I appointed Jennifer Moore of Pennsylvania to the vacant seat on the Ballot Access Committee. Ms. Moore helped coordinate over 200 petition gatherers in the just-concluded Pennsylvania ballot access drive (including volunteers across the state, volunteers from neighboring states, and paid petitioners) under challenging pandemic conditions that required innovative tactics. She worked non-stop for three weeks, keeping in constant touch with the state, national HQ, and the presidential campaign. I believe this experience will be a valuable addition to the Committee as we complete 50-state ballot access.

- At our July meeting, I proposed the establishment of six Chair’s Advisory Committees upon which representatives and alternates of the LNC would sit to assist in developing metrics and monitoring progress: Activism & Membership, Budget & Operations, Candidates & Elected Officials, Development, Marketing & Media, and Policies & Procedures. I expressed a desire that these ultimately be established as Standing Committees of the LNC, but that I would proceed with establishing them as Chair’s committees as a sort of trial run, absent any negative feedback. I have heard no negative feedback since that meeting, and indeed about half the LNC have sent me their ranked preferences for Committee choices. I am aware that there is interest in establishing the P&P committee as a standing committee so aside from that one, I consequently will establish the remaining five as Chair’s Advisory Committees and welcome LNC representatives’ and alternates’ ranked preferences on which committees you would like to serve on.
By the September 12 meeting, I will have completed one-on-one conversations with each of our staff and contractors, discussing their background, understanding of main duties and responsibilities, difficult and most interesting parts of the job, and training or other experiences that may be beneficial. These discussions are helpful for a number of reasons, including in aligning our staff capabilities and our strategic priorities.

On September 2, on behalf of the LNC I expressed our condolences to Jo Jorgensen on the loss of her mother earlier that day. I am grateful to Mr. Fishman, Ms. DeSisto, Mr. Dasbach, Mr. Craig, and Mr. Bughman in helping with this statement. Ms. Adams has in the past suggested that the LNC establish a Bereavement Committee to ensure consistency in such matters, and I ask the LNC to consider acting on that suggestion.

Candidates & Elected Officials

Ballot Access: As of September 4, the Libertarian Party has been certified on the presidential ballot in 49 states and the District of Columbia. The final state, Rhode Island, was due to turn in signatures on that date. We were previously on all 50 states + DC in 1980, 1992, 1996, and 2016.

- We entered 2016 with ballot status in 36 states + DC. Ballot drives were necessary in Alabama, Alaska, Iowa, Maine, Maryland, Minnesota, New Hampshire, New Jersey, Pennsylvania, Rhode Island, Tennessee, Virginia, Washington, and Wisconsin. There are too many volunteers to list to be thanked, but I am grateful for all they did to make this happen. Altogether, we collected some 60,000 signatures.

- The national party and/or the Jorgensen campaign provided resources (people and/or funds) to the Alabama, Iowa, Maine, Pennsylvania, Rhode Island, Virginia, and Wisconsin efforts. We cooperated closely with all the states involved, and I am grateful to the members of the Ballot Access Committee for their hard work: Mr. Moellman, Ms. Moore, Mr. Nanna, Mr. Phillips, Mr. Redpath, Mr. Thrasher, and Mr. Winger. I am especially grateful to Mr. Oliver Hall, our special counsel, for his legal efforts in a number of states, especially Pennsylvania where he succeeded in getting our signature requirement reduced and fought off several appeals by the state.

- As of September 4, the Green Party is on 30 states + DC, the Constitution Party on 18 states, Rocky De La Fuente on 15 states + DC, Brock Pierce on 14 states, Gloria La Riva on 11 states + DC, and Kanye West on in 11 states. It is unlikely any of them will be on the ballot in more than 40 states.

- Shortly after becoming Chair, I became aware that the Maine ballot access drive was falling significantly short of expectations and worked to deploy significant additional resources with Bill Redpath and the committee. Christopher Thrasher agreed to drive across country from Nebraska to assist on the ground, and we deployed additional paid staff (including Tara DeSisto) and volunteers from neighboring states. I also worked with Oliver Hall and the Jorgensen campaign to prepare legal action should our petition drive fall short, which for certain reasons I can describe more fully in closed session had to be brought by the campaign and not the LNC. Maine, like several New England states, requires that petitions be verified at the town hall of the signer before being turned into the state. Ultimately we had 4,007 verified of the 4,000 required, which I understand is our narrowest successful presidential petition ever.
CHAIR'S REPORT

- On July 28, a New Hampshire judge granted 35% signature relief to the state party; it is unlikely we would have achieved presidential ballot status without this relief. I had observed the court hearing but the case was handled entirely by the state party. Kudos especially to Darryl Perry and Justin O'Donnell for enduring cross-examination by the government in that hearing.

- I spent the weekend of August 1-2 assisting in the Pennsylvania petition drive, and joined Jo Jorgensen and state party officials on August 3 for the turn-in in Harrisburg. I also joined the Maryland turn-in in Annapolis that same day.

- I spent August 29 in Providence assisting the Rhode Island petition drive.

- I communicated extensively with the northern Virginia party regarding their part of the Virginia ballot access drive.

- After I submitted a letter to the Guam Election Commission, they confirmed that Jo and Spike will be on their advisory ballot; Guam is the only U.S. territory with such a vote. Thanks to Andy Craig and Scott Lieberman who assisted with this.

- I am grateful to Bob Johnston who ensured each state where we had ballot access then ultimately turned in all required paperwork to ensure our candidates appeared on the ballot (usually, certification from the national party and/or the candidates as well as documents about the electors). (I myself handled the DC paperwork on August 25, and Bob was very good about pestering me until it was done.) As a warning example, the Green Party failed to complete its Louisiana paperwork on time despite being ballot-qualified in the state, so their candidates will not appear on the ballot in that state. Bob (and I) were somewhat maddened by states that left this task until the very last day and greatly risking something going wrong, and this resulted in some last-minute signing/overnighting of documents that might be missing. I ask the LNC to consider actions that will encourage states to complete this task earlier in future years.

- The LNC should be aware of the Green Party’s woes in Montana. In March, the Greens submitted a petition to be on the June primary ballot, which was certified in March, and their June primary performance got them qualified for the November ballot. In Montana, petitions require a statewide minimum number of signatures as well as signatures from certain legislative districts. The Democrats approached those who signed the petition in one legislative district to inform that the Republicans had funded the Green drive, and got those signers to request "withdrawal" of their petition signatures (despite there being no state process for doing so), to bring the total below the requisite minimum. On August 7, a state trial judge ruled that the Green primary petition didn't have enough signatures due to the withdrawals, and ordered the party is off the November ballot. The judge said because state law doesn't specify a date by which signers can withdraw their signatures, the Secretary cannot enforce a deadline. The Greens have been appealing to a number of state and federal courts but with no success as of now.

- Presidential Campaign Support

  - On August 11, Mr. Hall provided me with the latest draft of our campaign sharing agreement with the Jorgensen campaign, and after incorporating several edits, we provided it to the campaign on August 29. While it has not been finalized, all parties have been operating according to its terms. The Jorgensen campaign has been very open in sharing the data it has collected; we have helped with...
I have also endeavored to help mediate miscommunications that always crop up in coordination matters.

- I accompanied Spike Cohen at his campaign events in Columbus, OH on July 25, Jo Jorgensen on her bus tour in PA/MD/DC on August 3, Jo Jorgensen at her Austin event on August 10, Spike Cohen at his Virginia event on August 14, and Jo Jorgensen at her Atlanta event on August 22. I spoke on each occasion.
- Jess Mears and Nick Dunbar have been “lent” to the presidential campaign full-time, and Tara DeSisto part-time for a period of time. Jess is acting as Deputy Campaign Manager and has been helpful in coordinating party and campaign activities and being an on-the-ground organizer. Nick was in charge of ballot access from the campaign side. Tara assisted with fundraising events and fundraising strategy.
- Jo Jorgensen joined us at a Boston fundraiser for the party on August 31.

- **Frontier Project**
  - Mr. Pazell will have more information in his report, but on August 24, I approved his requested reallocation of the budget line item for the project to hire additional canvassers, offset by reducing other expenses.
  - I spoke with Cliff Maloney of YAL on common goals, especially relating to canvassing.
  - I have received a handful of requests for candidate endorsements in my role as LNC Chair. My general policy is that as Chair I endorse all LP candidates, but I welcome the LNC’s input if a narrower approach is preferred.

**Development**

- As detailed in the staff reports, our financial picture is much steadier than it has been in the recent past. I have been orienting our staff focus to prospecting and stewarding major gifts, and we are already seeing results in this regard. I have spent many hours on the phone introducing myself to our top donors.
- I have also spent many hours working with our development staff to refine our fundraising strategy. In addition to Ms. DeSisto, Ms. Congdon, and Mr. Clemence, I have also benefitted from extensive discussions from Lauren Daugherty, Rupert Munro, Alexander Hutton, Al Canata, and many others. Actions items have included steps to improve our data (including capturing top issue interest areas on membership sign-up), prioritizing donors for upgrade potential, and systematizing our thank you and stewardship process (including revising our levels language in the policy manual). I will be requesting that the LNC revise the Policy Manual to be aligned with this direction: increase the $50 level to $60 (so that it cleanly divides into $5 monthly), adjust the thresholds for the high gift levels from 2500/5000/15000/25000 to 1000/5000/10000/FEC max, eliminate the resulting duplicative Benefactor level, and change monthly gift equivalents of annual membership from one-tenth to one-twelfth. I also welcome input on a separate proposal to increase lifetime membership from $1,500 to $2,000, effective January 1, 2022 ($100 average annual cost X 20 years).
- I am not recommending any change to the $25 level, which would need to be adopted as a Bylaws change in any event. Instead, I would like to both (1) demonstrate through our actions that we are good stewards of donations and (2) provide value for higher levels of
giving to encourage upgrading. While our median gift is around the $25 mark, our average gift is much higher, around $100. (Our costs also work out to about $100 per member.) Interestingly, zero LP donors gave exactly $25 in each of the last five years; our members have proven they will give more when the value is demonstrated to them. About two-thirds of our revenue comes from our top 20% of donors; our $25 donors provide only 12% of our revenue. I do provide the following, however: the 1971 dues were set at $6, which would be $39 today in inflation-adjusted terms.

- I am grateful to Judge Jim Gray for generously donating to the party the net proceeds of his most recent book, and for providing several copies of the book for distribution.
- **I request that all LNC members become monthly pledge donors, to set a good example.** I would like to inform prospective donors that 100% of our Board are monthly donors.
- Finally, I would like to express my gratitude to Caryn Ann Harlos, John Phillips, Steven Nekhaila, Chris Luchini, and Laura Ebke for spending time on donor prospecting, asking, and stewardship in the last two months. Mr. Phillips and Mr. Nekhaila in particular were key in bringing on brand new donors with significant capacity. Ms. DeSisto is ready to onboard and train other LNC members who wish to assist our fundraising efforts.

**Activism & Membership**

- I have inaugurated the Activist of the Month program, celebrating an activist each month who had extraordinary impact. By recognizing these achievements at the grassroots level, I hope we can give examples to follow and make our unsung heroes a little more sung. Nominations for Activist of the Month may be sent to [chair@lp.org](mailto:chair@lp.org).
  - On August 1, I announced Christopher Thrasher as our August Activist of the Month. In mid-July, Chris, a Libertarian campaign and ballot access organizer familiar to many of us, was preparing to start the next phase of his life: his first year at law school in Omaha, Nebraska. He had just moved across the country and was preparing for classes starting in mid-August. But when a judge denied our motion for immediate relief in Maine, and the call went out for help on the ground to get the required 4,000 signatures, Chris answered it. He drove from Nebraska to Maine to be on the ground to help. He stood in the rain getting signatures from voters turning in ballots on primary day - hopefully boosting our validity rate! Faced with Maine’s archaic requirement that signatures be brought to the home town of the voter for verification before being sent to state officials, he organized drivers to hundreds of Maine towns, handling many of the trips himself - driving for days all over Maine. He joined the Maine party's late nights checking petitions and updating counts, and helped keep volunteers from national HQ and New Hampshire LP hopping. Chris went above and beyond, throwing himself into a crisis situation and rolling up his sleeves because he knows 50-state ballot access is essential. Chris has sought no special recognition for his efforts, and focused entirely on getting the job done.
  - On September 1, I announced Kasie Dailey as our September Activist of the Month. On August 8, Libertarians across the country participated in over 150 convoys in all 50 states to promote #LetHerSpeak. Cars drove around parade-style to become mobile billboards, getting on-the-ground community attention for Jo Jorgensen. The hashtag became a top trender on Twitter, local news covered the convoys, and we reached lots of people who had never before heard of Jo Jorgensen. Many of you participated. Not all of you may know that the person
APPENDIX C
CHAIR’S REPORT

who made it happen is Kasie Dailey. Kasie lives in Texas and holds no party office, but in spite of that (or perhaps, because of it), she didn’t stop on her vision of an event large enough to get noticed nationally but small enough to directly impact neighbors and help promote local candidates as well. In Kasie’s words: “I did not have resources, funds, connections, or experience in politics. But many grassroots supporters liked the idea, and volunteered to help me bring the Let Her Speak Convoys to life. The landing page, video, graphics, flyers, press releases, facebook resources, and the “convoy finder” database were created with 100% volunteer support. A step-by-step checklist of instructions and training video made the complex web of information and materials easy to digest.” Kasie’s enthusiasm brought in others to help with design, promotion, coordination, and resources. Her words again: “The torch has been lit, and the Let Her Speak resources are open to anyone who wants to make their own events, either national or local, online or in person. You do not need to wait for permission to make a difference. Just make a detailed plan, start pulling together resources, and lead the way.” Kasie organized questions for the Commission on Presidential Debates press conference, is organizing a Media Protest for September 5, and I’m sure more to come. The 9/5 event is truly an “event-in-a-box” for organizers, with ready-to-use Facebook event instructions, graphics, printable flyers, messaging tips, talking points, police interaction Q&A, press release, and car decoration tips.

Marketing & Media

- I worked with our staff to resolve production delays on Jorgensen yard signs (relating to COVID and a switch in vendors), and I announced on July 23 that the backlog was in the process of being cleared. Those who had ordered a sign (some as early as in May, after the first sitting) received an apology from me about the lack of communication and a coupon for LP Store.
- On September 4, I became aware of a reply tweet issued from our official account that displayed poor judgment, and after discussions with the Executive Director and learning more about the situation, I promptly dismissed the outside firm that we had been using. Generally, I’m personally not a fan of reply tweets to begin with, unless they’re answering an informational question. I get that we want our social media to be timely, conversational, and interactive, and it’s hard to resist swiping back when someone swipes at us. But my vision of our social media is promoting the positive vision of the LP and what we’re up to. I get some will think that bland but it’s also professional and respectful (and worth voting for). It means we will get more notice when we *do* have to punch back at something, and in those instances I’d like the wordsmithing of that to be run up the chain for review before going out. As far as I can tell we have no written policy on our social media engagement. Since it’s of some urgency, I plan on issuing a Chair’s directive establishing guidelines for our social media. In the immediate short-term, Dan Fishman is taking it over and approving what we post. I do have a plan in mind for our marketing generally but for a variety of reasons I can’t pull the trigger on it until post-election. I emailed the LNC that same day, September 4, reporting on these actions.
- On July 25, I addressed the Ohio LP convention, and in the past two months have also
spoken virtually to a number of state and county affiliate meetings.

- I have appeared on a number of podcast programs to promote the LP and introduce myself as the new Chair.

**Budget & Operations**

- President Trump issued an executive order deferring collection of a portion of payroll taxes for the period of September 1 to December 31, 2020, to instead be due between January 1 to April 30, 2021. Employers are given the decision whether or not to participate, and participation would effectively result in reduced withholding followed by double withholding. Due to that gimmick nature, associated administrative costs, and legal risks, we decided not to participate in the deferral. To my knowledge, the vast majority of employers in the United States have made the same decision as us.

- On July 29, I established a Task Force on Respectful Conduct Practices to make recommendations on (1) policy and practice changes for the national LP to consider; (2) a model policy that state LPs may adopt if they wish; (3) steps to ensure a credible and equitable process for handling complaints and investigations; and (4) other proposals that ensure the LP is a place that values and respects all its members. I appointed five individuals to the task force: Tricia Sprankle (Ohio LP), Nicole Kaeding (District of Columbia LP), Mimi Robson (California LP), Paige Sexton (Tennessee LP), and Ashley Shade (Massachusetts LP). I look forward to their recommendations and will ask the LNC to give them due consideration.

  - I received several emails objecting to Ms. Shade’s appointment in particular, and the lack of gender balance on the task force in general. I hope those who messaged me will be vigilant against future LNC committees that do not have gender balance.

- On July 31, I issued a Chair’s enduring executive order rescinding all executive orders issued prior to July 12, 2020, as well as one establishing staff task priorities.

- On August 22, I spoke with the EPCC on steps needed to develop an organization chart and roles, responsibilities, and expectations. I foregrounded these steps in an introductory letter I sent to all staff shortly after I became Chair. EPCC members are preparing draft model job descriptions for the Executive Director and program directors.

- In response to three requests received in early September, I have reiterated that I do not discuss HR matters (hiring, firing, job performance) in public settings. Discussing HR matters in public settings is unprofessional, creates legal risk, and undermines lines of authority and employee morale.

**Other**

- On August 5, I appointed Chase Oliver as my Chief of Staff. Chase has not fully taken up the post yet as he is running as our nominee in the Georgia 5th U.S. House District special election to be held September 29, so I have dual loyalties on whether he should win. My campaign for LNC Chair involved an amazing team of 30 volunteers, and while we have an excellent professional staff at LPHQ, I want to be mindful of separating their jobs from the work I must do developing and promoting new initiatives and staying connected.
As COVID continues to spread, I am becoming aware with sad frequency about staffers, activists, members, and event attendees who have become ill. Please, try to stay healthy and take care of yourself and your loved ones. Ethan and I send our best wishes to the many party members experiencing natural disasters and economic challenges in this year of 2020.
Hello! Greetings to all of the members, my fellow LNC members, and staff.

Since taking office after the Orlando portion of the convention, I have been working to get my bearings. I’ve communicated with our new chair, Mr Bishop-Henchman, as well as several other LNC members. I’ve also been working to transfer other responsibilities to other Libertarians.

Per the Policy Manual, I represent the otherwise-unrepresented states of Idaho and Mississippi on the LNC. As such, I can report the following from those affiliates:

Mississippi has a special election for state house, and a number of good Libertarians are working for the Libertarian-endorsed candidate. This is a non-partisan race, because it is a special election, but the MSLP-endorsed would declare as a partisan L after the election.

I have not been successful in reaching Idaho as of this time. I am hoping that will change in the future. I hope to speak to many more affiliates in the near future.

My primary focus is, and always will be, growing local affiliates. And to that end, I’ve dug back into the CRM project. A presentation on the state of the CRM Project will be given during this meeting.

I attended and spoke at the Ohio LP state convention, held after the National Convention. Ohio had a successful convention.

I have also spoken with several candidates for local office around the country. These offices are the low-hanging fruit, and I’ve passed along some of the tips and tricks I’ve learned over the years that have been proven effective in local, non-partisan races.

I’m excited for this term. There seems to be an unwritten understanding that things need to change; to evolve. As an IT professional, I see these types of changes regularly, and I love seeing the outcome of lower costs with higher efficiency.

Ken Moellman  
Vice-Chair, Libertarian National Committee

Documents Created

As per Article 5 of the Bylaws, the Secretary is required to maintain a file of the current Bylaws and Constitutions of each state-level affiliate as follows:

Bylaws Article 5 – AFFILIATE PARTIES

2. The National Committee shall charter state-level affiliate parties from any qualifying organization requesting such status in each state, territory and the District of Columbia (hereinafter, state). Organizations which wish to become state-level affiliate parties shall apply for such status on a standard petition form as adopted by the National Committee, which petition shall be signed by no fewer than ten members of the Party residing in the appropriate state. Affiliate party status shall be granted only to those organizations which adopt the Statement of Principles and file a copy of their Constitution and/or Bylaws with the Party Secretary.

Note that having a Constitution is an older practice that is being phased out so many affiliates no longer have two separate documents but have incorporated everything into their Bylaws. Although not required to be kept, I have also collected platforms, policy manuals, and standing rules.

The archive is located here:
https://lpedia.org/wiki/LNC_Secretary_Bylaws_and_Constitution_Archive_2020-2022_LNC_Term

I also created a list of historical meeting places for the LNC going back two decades in order to make plans for the locations to meet for this term.

Staff Report - September 2020
Direct Supervisor: Tara DeSisto
Title: Development Associate

Overview

I have been with the Libertarian National Committee for eleven months. I feel I have become very comfortable in my role and I am excited each day to excite and encourage people to contribute to the Libertarian Party.

My main responsibilities haven’t changed much in the last few months:

● Writing a weekly appeal email, mailout letters, articles, blogs, and social media posts
● Explore and carry out new fundraising opportunities, and collaborate on development initiatives
● Solicit donations from and build relationships with party members, donors, and potential new donors

I am taking a more proactive role in the area of appeals and will ensure that quality appeals continue to be sent out with clear Libertarian messages. I continue to learn a great deal from Tara DeSisto, and I hope that she and I will be able to work on more events as that becomes more possible again.

Appeals/Writing

I am very proud of the work that I have done with our appeals. The most involved piece of the last few months was a 70,000 piece letter on Jo Jorgensen. That letter just recently began hitting mail boxes so we will soon see how that performs. I believe that the content that is sent out should be of the highest quality, and I do my best to ensure that we achieve that.

Fundraising

The Frontier Project fundraiser that I spearheaded has brought in over $10,000. I worked with Tara on another Virtual Donor Summit and an evening event for Jo Jorgensen in Boston. When the Jorgensen Bus Tour came through Austin, I agreed to help with inviting donors to a special reception after the rally. I have continued to contribute support in the areas of graphic design, writing, web page design, and research for events we put on.

Relationships
I continue to seek out ways to connect with donors, specifically in Texas, but also around the country. I've improved in my confidence on the phone or in person with donors, and I hope to continue improving. I want to attend more events for other organizations to brainstorm other ideas for the future.

**Wrap Up**

Each day I feel that I am more confident and a little closer to knowing what I'm doing. :) I intend to keep learning, keep trying new things, and finding new ways to inspire support for this beautiful party.

September 2020 Staff Report

Christopher Clemence  
Stewardship Associate  
August 30, 2020

July and August of this year were months that presented many challenges and provided fertile ground for positive growth for me in my role as a stewardship associate for the Libertarian Party. With the initial months of my engagement over and the pressure and stress of preparing for the national convention behind me, the avenue of expanding my role in the team and providing more value to the party was wide open in front of me, and I did my best to take full advantage of the opportunities to contribute that were presented me.

The period began with the second seating of the national convention, and it was stressful for everyone involved, no less for myself. As I determined that the need to help with the logistics outweighed the need for one more delegate from Texas, I elected to surrender my delegate status on Saturday and Sunday in order to make myself available to assist Executive Director Dan Fishman in administering the online portion of the convention hosted on Zoom. In addition to helping out with the back end of the call, I also aided in shepherding the Texas delegation as it used Discord separately as a rallying point and discussion area between and among in-person delegates and remote attendees. The entire experience was a trial by fire, but I am very happy to have done my part to make that historic event happen. Not only that, the experience behind the scenes for the national convention proved exceedingly valuable to the Texas affiliate only weeks later, as I was able to contribute my knowledge and experience to their hybrid convention and its remote participants.

With the convention done and dusted, the next challenge to the party manifested itself as the massive backlog accumulated by the party’s printing contractor. As the feedback and queries by members to the other staff became overwhelming, I was called in to provide support in responding to the many emails generated by the situation. Initially there weren’t many solid answers that could be provided, but I did what I could to make sure those who emailed about products they had already paid for felt like they were heard and that our staff was responsive to their situation. Ultimately I
was able to access the printer’s database and connected with a contact there, so I gave better answers to members’ queries and routed the orders that were still an issue to the appropriate contact with the contractor. That project used a great deal of my time for the first several weeks, but I am happy to report that the volume of emails related to the store has fallen to a trickle.

As the situation with the store continued, I found myself tasked with more writing assignments, which are among the more personally rewarding tasks in this position. Among them was a project to introduce the party’s new chair Joe Bishop-Henchman to our membership, which gave me an opportunity to become more acquainted with him than I had been previously. I also drafted a longer-form piece on the subject of the recent Texas convention which is to appear in an upcoming issue of our news publication that highlighted the many momentous accomplishments and milestones the affiliate achieved over the weekend. Also in August I drafted two appeals emails and edited two others, which are tasks I am very much looking forward to doing more of with my recent inclusion in the appeals team.

I found myself doing more of what I think of as “pure donorship” tasks in the past two months as well. One of the primary tasks in my role is to connect with recent donors and express thanks on behalf of the party for their gifts, which I carry out either via telephone or in the form of an email. In the 37 workdays since the last LNC meeting on July 8, I contacted 290 donors regarding their gifts to the Libertarian Party, averaging 7.8 donor interactions per day. Email communication made up the lion’s share of contacts, accounting for 207 of that total. The balance consisted of phone calls, and the vast majority of those involved thank-you calls to recent donors. My goal continues to be to contact ten donors per workday, which I have generally been able to accomplish most days by consistently dedicating a block of time to the task.

Several smaller “pure donorship” tasks came my way in the past two months, including collaborating with Development Director Tara DeSisto and Development Associate Bekah Congdon on a dossier project that ultimately yielded a sizable donation from a new donor. I also served in a supporting role as Directors Fishman and DeSisto hosted a donor salon featuring Dr. Jorgensen and Chairman Bishop-Henchman, at which several of the party’s top donors were in virtual attendance. Another project with which my assistance was asked was a presentation
prepared for the party’s top donors to highlight the return on their donations to the party for which I contributed a write-up of Dr. Jorgensen’s professional accomplishments and qualifications.

A major new component to my role in the previous two months was to join with Membership Associate Michelle MacCutcheon in hosting the Member Welcome Hangout each Tuesday evening. Although I doubt I’ll ever be as proficient with it as Deputy Director Tyler Harris, I feel like I have taken to the role as either host or co-host quickly and in no small part thanks to the assistance and support of Director Harris.

The final major component of my position is to tend to emails arriving into the info@lp.org email account, which includes reply-tos from our many mass emails sent from the info3@lp.org account and run-for-office interest responses from our online form. As one may imagine, the messages run the gamut from questions to comments and from polite to downright offensive. I don’t know of any good way to quantify this than to say that I sent 318 emails in response to messages coming into the infobox since July 8, or an average of 8.6 emails per workday.

On the whole I believe that these past two months have been extremely productive from both the standpoint of my contributions to the party and of my growth into the role I play for the LPHQ team. I find myself daily soaking up knowledge from Directors Fishman and DeSisto, and the various collaborations I’ve been a part of with the several staff members have been productive and rewarding. My constant goal throughout has been to do what I can to make their professional experiences with me as pleasant and beneficial as mine have been with all of them.
Director of Operations Report – 09/20

Financial

EOM July there was a couple things to note - we are showing a loss however most of that is due to our new arrangement with Master Print which does fulfillment for LP Store. The expenses reflect merchandise purchased plus shipping & handling costs for late May thru end of July.

Master Print is also most of the A/P at the end of the month. You will note for the year Branding is still profitable - but we do expect to run at about a 20% loss thru end of Oct then break even after that unless we change up how we run LPStore (see Tyler’s & Dan’s report).

I added a comparison between 2020 & 2016 in the EOM Report as well. In terms of overall revenue we are behind budget but mainly due to the convention (which was profitable). Overall expenses remain significantly below budget as well (partly due to convention not costing as much as budgeted) but we are also running way below budget on all the programs / project areas esp ballot access. Admin & compensation is slightly over budget but within the 10% margin & I think we will remain OK but we can revisit in a few months.

Here is a summary of our revenue & expenses for July & YTD:

The membership surge over the last several months also continues to help. Membership keeps growing as a % of total non convention revenue – from 35% in 2016 to 47% this year:
In part this is due to having a dedicated membership team!

The convention P&L in the July report is as of 08/26 but there has been some very minor adjustments (the convention is even more profitable) – so please refer to Alicia’s / COC report that reflects most of these.

Blackbaud – Data Dumps – Internal Customer Service

Data Dumps continue to be sent out regularly & via the CRM to several states that are working with Andy Burns.

Building Fund / Office

Mortgage balance = $75,339 as of end of Aug. So far this year we’ve made $10,000 in extra payments towards principle.

We have finally gone forward with the masonry repairs that has been put on hold due to COV-19 (but at a highly reduced cost). We hope to get to some minor fire damage repairs in the basement & re-painting the lower level later in the Fall.

FEC Filing

We continue to file accurate FEC reports and use Paula Edwards to complete the FEC Filing Process on a monthly basis and handle our amendments. The reconciliation and audit steps to this process continue to work to assure that these reports are correct prior to filing, and to insure that the disbursements and contributions match to our cash accounting records.

As a reminder, the FEC reports are done on a cash basis while our financial reports are done on an accrual basis as required by our bylaws which require adherence to GAAP. Therefore, our Statement of Operations will not always look the same as what is reported on the summary page of our FEC Filings.

Future LNC Meetings
I look forward with working on site selection for the future LNC Meetings. Joe had put out the following (& I’ve added some additional suggestions/comments – of course):

December 2020: Riverside/Orange, CA or Silicon Valley / San Jose (I would add Sacramento or Oakland to this list)

March/April 2021: Boston or New York Metro (I would add Manchester, NH to this if April)

June 2021: Chicago or Detroit (Detroit is usually exceedingly expensive – more so than New York at times – I would add Indianapolis & Grand Rapids – Beer Capital – to this)

September/October 2021: Denver

December 2021: DC Metro or Atlanta (I would add Savannah or Nashville perhaps to this list)

March/April 2022: Austin, Houston, New Orleans, DFW, and Little Rock

Thank you!

Robert
Welcome, Michelle MacCutcheon!

Michelle was added to the LPHQ staff in the position of Membership Associate. Her role includes membership engagement and retention. She is contacting each new member individually to ensure they are welcomed and engaged during their first two months of membership.

Dr. Jo Jorgensen Campaign Trail Update

Greetings from Greenville, SC. I have temporarily relocated to the area to assist Dr. Jorgensen on the campaign trail. While campaigning at public events, I make a call for memberships for LP National, and as you can see, I often recruit LNC representatives to assist me.

We recently ran out of ‘Yes! I want to join the LP!’ rack cards and a replenishment of 5,000 is on the way. By my estimates, 80% of Dr. Jorgensen’s event attendees are not members of the LP. A majority of the attendees are under 40 by a show of hands poll I have taken about a dozen times. For events with fewer than 100 attendees, I hand distribute forms and engage in one-on-one conversations. For larger events, I make a call for memberships and have volunteers distribute the forms.
I recently received some lifetime member pins, which Dr. Jorgensen will pin new lifetime members at campaign stops. Spike’s stops also include a membership pitch. There have been a total of 90 campaign stops to date.

Membership Revenue

Membership sustains the Libertarian Party in so many ways. Between monthly pledgers and annual memberships, a significant portion of the revenue generated comes from these streams. I send out emails, direct-mail, texting, and social media appeals to generate these results.

There Is (Nearly) Such A Thing As A Free Program

The #ProudlyLP selfies on social media have brought in $22,530 since 7-26-19 and 399 memberships. These are mostly all new members and some Lifetime Members.
Resources To Improve Membership

Here are three things the organization could do to improve the ability to raise funds for memberships:

1. Bring in a one-click donation system
2. Bring in a text-to-donate system
3. Improve L.P.org to emphasize membership

Tara DeSisto
Director of Development
(Data pulled September 5, 2020 except where otherwise referenced)
Every staff report I aim to show you things that you did not know before so that you can make better decisions in the future. Obviously 2020 has dealt us a few blows and we are not reaching 2016 peaks, however we are seeing a significant rise in membership as well as donorship and we are implementing new strategies to retain new Libertarians while acquiring metrics and data points which is critical. Development is building out our stewardship strategy. I look forward to reporting out at the next LNC meeting and post-election cycle how we will be nurturing relationships with our constituents thoughtfully and appropriately according to their giving levels. The Chairman is closely involved in this process and I look forward to each opportunity to put our heads together on this and come up with the most efficient and creative plan to ensure that people are excited to return year after year.

The Jorgensen/Cohen campaign chose to work closely with the LP as they build towards election day. We have been data sharing, strategic planning, and finding areas of collaboration where possible. A partnership in stewardship in this fashion brought in a new donor of billionaire status to join in the Chairman's Circle.

Virtual Donor Summits continue quarterly and offer our top active donors opportunities to get closer to all aspects of the party. Our next one will be planned for early January.

Legacy Donorship has been strongly advertised this year and we will continue to make that information available often to members.

NOTE: I am now switching more of my focus to recruiting candidates for 2021, while finishing up 2020. Also, putting systems in place to prepare for the 2022 election.

2021 Candidate Recruitment
We have 145 potential candidates preparing to run for mostly local offices in 2021.

2021 Regional State Affiliate and Candidate Training - Adding in Pipeline to Liberty Training and Meetings
Working with newly elected or reelected Regional Reps to pencil in a date and city for their Region’s training. The training/Meeting is open to all state affiliate leaders, key volunteers, candidates and campaign teams, high school and college activists (Pipeline Project), and Libertarian Educators (Pipeline Project).

The goals are:
* Help state leaders be more effective in their positions and to have peers meet face to face to network, form relationships, and exchange ideas. Training key officers in each state affiliate could reduce churn and increase effectiveness. Face to face relationship/support network building with peers could reduce burnout and feelings of isolation and being overwhelmed.
* Train candidates and campaign teams on best practices in fundraising, field ops, data management, volunteer recruitment, FEC and campaign finance compliance, and marketing.
* Train high school and college age activists how to be effective leaders, campaign operatives, and recruit peers into the Libertarian Party.
* Meet with Libertarian Educators on how best to connect with and activate teen and college age liberty activists.

This training takes place each odd numbered year. LP Staff and other experts lead the training and partner with Regions on funding. Many of the classes and sessions offered appeal to all attendees, while breakout sessions appeal to specific subsets of attendees. Certificates of completion can be issued.

We currently have 458 candidates running for office in 2020.
I'm very pleased with this number during an exceptionally challenging year.

To put these numbers in perspective:
In 2018 we had 833 candidates
In 2016 we had just under 500 candidates

The lp.org candidate list is going updates as filing deadlines and balloting finishes. Also, it is the responsibility of the State Affiliates to enter in their candidates’ information (such as office, contact information, candidate photo, etc. It's quick and easy for every state to do. If I have to look for candidates and find their information it can take from 4 hours to 2 days per state).

We’ve already had some great candidates win election in 2020:
Mark Hepfinger, Wisconsin, Cottage Grove Municipal Court Judge
Dave Ripp, Wisconsin, Dane County Board of Supervisors, District 29
Many of these candidates have attended multiple candidate training sessions by LP staff and contractors.

Candidate After Care
Just as in the 2019 election, I am setting up a Candidate After Care Program. All candidates will receive a handwritten thank you note from me, of, if the win, a congratulations card. I'll create a spreadsheet of candidates and work to fill in contact information (we do not have contact information for many candidates and State Affiliates either also don't have it or do not pass that information on to National) so all candidates can receive a call within 48 hours of the election. I will ask for volunteers from The LNC, Regional Reps, Alts, and At Large.

Muni and County Elected Officials Pin
The pin was unveiled at the LP National Convention and will be mailed out to our present elected officials. Delaying this project is finding the mailing address for our elected officials. I have access to the CRM, but not the donor or membership databases. The pins will mail out in a week or two.

Campaign Newsletter: Opt in, every two week newsletter, with campaigning tips and information, which goes out to 1778 prospective/declared candidates and their campaign teams. 927 in 2019. 667 in 2018. Old campaigns are removed once the election happens.
Video Conferencing Candidate Training
Every two weeks, 20 to 30 minute training which takes place on Zoom and Twitch. 15 minutes of presentation followed by 10 minutes Q & A. It is recorded and then is uploaded to youtube so candidates can watch it later. Training provided by LP Staff, Contractors, and outside experts.

Candidate Website and Donation Portal - GoGold
In 2018 LP National offered free websites to candidates. The benefit to LP National was gathering donor and volunteer information from the various campaigns, the benefit to candidates was a professional, reliable website with minimal effort and secure donation link. This is still the number 1 request from candidates - to bring this back. It had been shelved during the budget cuts of late 2018/early 2019.

This was to be the first step in a much larger project. The second step was the Campaign in a Box (See below) followed by the third step, creating a Candidate and Donation Portal similar to ActBlue and WinRed. This portal would not only be a place to find every LP candidate and ballot initiative - it would help bring in funds to both candidates and LP National and greatly expand our database of potential volunteers, members, and donors.

Before we can answer questions (or even know the right questions to ask) regarding technical possibilities, legal issues, security, and staffing, LP Staff and contractors need map out the possible scope of the project. To investigate this further, the LNC would authorize LP National Contractor Ryan Waterbury to work with LP National on project scope, wireframe flow mapping, and a graphic design mock up. Estimated time would be 4 days of his time and a full presentation would be ready for the next LNC meeting.

Campaign in a box
In winter of 2018, we were less than 7 design hours away from being able to offer local candidates a free (hosted) website with donation and volunteer processing, campaign lit design, and a yard sign design. There were three basic designs to choose from and candidates simply filled out a webform to populate the design templates. There was a minimal amount of staff time to look over and make small changes. The websites had been tested during the 2018 campaign year and were solidly functional and attractive. The websites, and the campaign in the a box, were placed on hold during budget cuts. LP National may now be exploring other options for candidates, some of which are contracted services with a 3rd party vendor. Ecanvasser is one of those services.

We have more members and donations:
I implemented a small change in my onboarding procedure when prospective candidates contact me. I used to tell them the very first step was to contact their state affiliate, but now the first step is to join the Party and then contact their state affiliate. I also include the Candidate Workbook and set up a time to speak with them.
This change, implemented in February, has resulted in 44 prospective candidates joining the Libertarian Party and $2635 in donations (including 1 lifetime membership).

**Random Idea - Gold Round Up**

If you have been in a grocery store or ordered pizza from Domino's, you may have been given the option to "round up" your purchase to the nearest dollar and that amount is then given to a specific charity. Similarly, the LP Store could give people the option to round up to the nearest dollar and have the change go to the LP as a donation for candidate support. Small change adds up fast and many people are fine with paying an extra 50 cents as a donation for a specific cause.

**Past In Person Training:**

In January, Kentucky hosted a semi-Regional State Affiliate Leaders and Candidate Training. Apollo Pazell joined me for this training and candidates and leaders from several states attended.

February, trained candidates for the Nebraska convention.

Also trained candidates for the California convention

March - Minnesota convention called off

April - North Carolina Convention called off
The past quarter has been a period of change and personal development, as I complete the process of seeing old responsibilities transitioned to new stakeholders, and prepare myself to more fully step into the Deputy Director of Operations role that I accepted in June. The twin challenges of the increased workload of a presidential election year and the unprecedented impact of COVID-19 loom large. However, I remain optimistic that the Libertarian Party is poised to accomplish historic feats, and am prepared to contribute to the very fullest extent of my ability towards those efforts.

**Member Welcome Hangouts**
I cannot be more proud of the Member Welcome Hangout events – where they are in terms of attendance, the positive response from attendees, and the sense of community that has been built in the little more than a year since I began conducting them. Through Member Welcome Hangout, we have reached hundreds of new members to provide a friendly, informative, and enjoyable welcome to the party. It has been a pipeline to connect new members looking to become active with their local affiliates all around the country, and to place in their hands the resources to become not just members, but also activists. It has also become a vehicle for members to communicate questions and concerns to staff in a friendly, informal, face-to-face environment.

It has been my great pleasure to host these events for the past year, but as my path leads me to taking on new responsibilities and challenges with the LP, I am blessed to be able to hand this off to two fantastic new hosts, Stewardship Associate Chris Clemence and Membership Associate Michelle MacCutcheon. Chris and Michelle have been regular contributors to Member Welcome Hangout over the past few months, and both deeply understand the mission, value, and importance of these events. Member Welcome Hangout will be in great hands with them, and I look forward to seeing what amazing new heights their stewardship will take it to.

**LPStore Past, Present, Future**
The transition of LPStore to outside fulfillment has been both necessary and beset by challenges, difficulties, failures, and costs. Furthermore, it comes at a time when store volume is skyrocketing due to the presidential campaign. The initial transition coinciding with a huge increase in orders saw protracted and unacceptable delays in fulfillment and delivery,
particularly of orders placed shortly after the presidential nomination. Furthermore, the overcharging of shipping costs by our fulfillment house has been a recurring problem, necessitating much time and energy from HQ staff to audit and correct and much additional expense where inefficient shipping methods have been used. Operations Director Robert Kraus deserves much credit here in negotiating discounts in cases where shipping overcharges have been particularly egregious.

That said, moving backwards is simply not possible. Bringing in 4-6 new staff to handle the presidential election store volume in-house would create sizable additional expense in its own right. Not to mention that COVID-19 creates additional liabilities that render the option of having a half dozen staff working in close quarters to fulfill the current volume of store orders out of our 19’x19’ Operations Center hazardous and impractical.

I am told that it is not unprecedented for the store to run at a loss in presidential election years. But precedent does not necessarily mean that we should be satisfied with doing so now. The first step has been an across-the-board price increase as a stopgap to better cover the new, higher costs. I then undertook a full analysis of store profitability, not just in aggregate but on an item-by-item basis so that we can better target future price adjustments and implement metrics-based changes to our offering to address losses on items with the worst margins. We’ve also been working diligently with our fulfillment house to correct the issues with the current process. Fulfillment times have already substantially improved, and some lower-cost shipping options have begun to be implemented.

These steps should be sufficient to return the store to profitability rather than the approximately 10% net loss it has been recently running. However, continued monitoring and analysis of the situation, both financially and in terms of the quality of fulfillment going forward are very necessary.

I remain committed to a vision of LPStore that serves the needs of our members by offering a wide variety of desirable items to promote the LP brand, that builds goodwill by providing positive customer experiences, that contributes to rather than detracts from the overall financial health of the party, and that allows staff to focus time on our core competency – the operation of a political party that elects Libertarians to office, strengthens our affiliates, and grows our national membership. LPStore has recently struggled on all of these fronts. Time and diligence will tell if recent measures have been sufficient to rectify the major issues, and I will continue to work with the Executive Director and Operations Director to find the right solutions for LPStore going forward.

**Libertarian Frontier Project Support**

It is my strongly held belief that the most valuable gains for the Libertarian Party during my tenure as staff have been made through the efforts of the Libertarian Frontier Project, and I feel privileged to have had some role in assisting with and supporting those efforts since 2018. Though my involvement this past quarter has been adversely impacted by a period of illness, I
will continue to set aside time and energy to support these efforts in any way deemed beneficial by Campaigns Strategist Apollo Pazell. Electing Libertarians to office is our raison d’être as a political party, and this effort is working confidently towards history-making gains in that regard. I will continue to be, as I have been in the past, available to the LFP for HQ support needs and as a liaison when necessary between the project and other members of national staff.

**Operations Cross-Training**

Key to my role as Deputy Director of Operations is cross training on the myriad important tasks and functions of the Director of Operations, Robert Kraus. I will be committing significant amounts of time in the coming months to doing precisely this, including (but not necessarily limited to) coming up to speed on:

- Managing database updates provided by state affiliates to LPHQ
- Processing refunds and contribution returns
- Our processes for accounting and bookkeeping
- The preparation and distribution of financial and membership reports
- Processes relating to providing data to our FEC consultant for FEC filings
- Facilities and equipment planning and maintenance
- Payroll and benefits administration for LP Staff
- Managing monthly gifts for direct account draft
- Re-checking of daily deposits and cash audits

**Additional Responsibilities**

In addition to the areas already referenced in this report, my regular responsibilities also include:

- Customer service - internal and external
- Helping to maintain membership/contributor database Raiser’s Edge/CRM
- Assisting with member database troubleshooting and cleanup
- Administration of lp.org & hq.lp.org email and group list servers
- General purchasing and procurement
- Working with Chair, OD and Treasurer on financial issues & audit
- Attending LNC meetings (once circumstances allow for a wider in-person staff presence)
- Various miscellaneous filing, research, and member correspondence
- Assisting in general office upkeep, organization, and the ordering of supplies
- Collaborating with LNC staff and assisting with other projects as needed and as requested.

Membership:

A fourth consecutive quarter of increasing membership has put us just under 21000 members. Considering that there was a point in 2019 where membership dipped below 14000, we are looking at a 50% increase in membership over the last 13 months -- a truly stellar feat.

Yet not one that was unanticipated. As of last January, we have been building towards better stewardship and retention to hopefully increase upon our numbers from 2016, when only 36% of new members stayed with us more than a year. The members who are coming in because of Jo Jorgensen and the disgust with both Biden and Trump are going to be numerically the largest single group of members for at least the next year, so it’s important that we retain them.

To that end Michelle MacCutcheon will deliver her report in person today and talk about the steps we are taking to ensure greater customer satisfaction.

Jess Mears has been pulling double duty -- both running membership as well as working for the Jorgensen campaign. At every Jorgensen event Jess has been handing out membership cards, plugging the party and finding ways to support the party with the Presidential campaign. The Jorgensen campaign promised that Jo would bring an unprecedented partnership between Presidential campaign and the LNC, And she has delivered. Jess Mears and Tara DeSisto have been the primary liaisons, and I think the relationship has massively benefitted both the LNC and the Jorgensen campaign.

It is critical that we improve retention numbers. We will continue to explore more ways to add more value to membership.
Technology:

Accomplishments:

ULP is online and waiting for content. [https://uplstaging.wpengine.com/](https://uplstaging.wpengine.com/)
LNC converted to GSuite, including upgrading.
CRM tools for adding value to membership continue to be improved.
Form Migrations are ready to go waiting on one tech upgrade.
LP Store migrated to external fulfillment.

We completed the hybrid convention. I strongly recommend the LNC commission an external after action report to make recommendations for future events. *I remain convinced that Project Porcupine is critical for the LP, and I would strongly suggest making it a github project run by Mr. Ferreira if he is amenable.*

Our plan to move off of Raiser's Edge by 2021 will need review by the new LNC, and frankly cannot be assessed adequately right now. It is probably too ambitious for a Presidential year.

We have moved maintenance of most technical aspects of our online presence to the Tadpole Collective, ensuring that there is no single human point of failure for lp.org and the CRM.

I think that while we are saving money hosting the CRM and saving some states some money hosting their email ourselves, we may be able to make significant downsizing of our server footprint soon in favor of more hosted services. We will explore this as those contracts come due at the end of the year.

We have finished the technical work to allow us to poll our members about their interests and tag them accordingly, in the CRM. I anticipate this being a very powerful tool for segmentation of appeals as well as connecting members to each other on issues.

We have contracted with One Dog Solutions based here in Minneapolis to spearhead digital prospecting, and anticipate that this is the best possible time to launch this program. Our goal is to
Financials/Operations

2020 revenue is already the highest revenue the LNC has had in any year in the past 20, save 2016, and we hope we can best that 2016 number this year. To do so in this period of dramatic economic hardship would truly be astonishing.

We moved the physical LP Store out of LPHQ. We still maintain the website and process the payments, but now all orders are fulfilled by our longtime partner MasterPrint. We still review pricing, and allow MasterPrint to bid on items that we sell -- as an example, the Jorgensen signs we sell are created by another vendor because MasterPrint could not produce them as cheaply.

We took a financial hit to move to MasterPrint, but considering the volume of sales it is fortuitous that we had this in the works BEFORE covid closed the office. We could not have done what we did in 2016 -- where Mat Thexton led a group of 6 volunteers crammed into the basement, fulfilling thousands of orders. We had a snafu in the beginning with shipping signs, but we have come through to the other side and the process is starting to hum. We are still working out some shipping costs and inefficiencies with MP.

Post election I am interested in exploring even more outsourcing of the store. I suspect that the store, in the hands of an experienced ecommerce operator, could be much more efficient while still accomplishing our primary goals of data acquisition, prospecting and making it very easy for Libertarian materials to be seen.

LPTV continues to be successful and we have added another show “Libertarios Hispanos con Martha Bueno y Zach Foster.” This will be a Spanish language broadcast. Our town halls continue to be very popular and well received, but I would like to develop new appropriate content for LPTV, and hope the LNC can contribute.
Elections

LPTV has continued to give air time to Libertarian candidates around the country, and gives the candidates access to video clips of themselves to learn from as well as interview experience. Candidates Corner (with Pat Ford) has surpassed 100,000 total views.

ECanvasser is still being underutilized for what we are paying for it. Less than 30 of our 100 possible slots are being used by candidates, in spite of the amazing subsidy. My intention is in November to give our 20 days notice to eCanvasser and cancel our existing contract, and negotiate one where the LNC subsidizes a candidate who wants to use eCanvasser, in partnership with the candidate’s state party. I remain convinced that eCanvasser is a superb tool for candidates, and I want to make it available to all Libertarians running -- but it's clear to me that we do not have the candidate base to truly take advantage of this right now.

The Frontier Project continues to shine. I'll let Apollo address that more in his report. We also have some exceptional and high profile candidates around the country, including Brad Barron, who will be debating Mitch McConnell in Kentucky, and Ricky Dale Harrington Jr. in Arkansas.

The #LetHerSpeak rolling rally events were great to see, and a wonderful example of something organized outside of the LNC but that strongly supported the Jorgensen/Cohen campaign. The upcoming focus on debates will be a great rallying point.
Next Quarter

In summary, we have had another outstanding quarter by every possible metric in the worst possible economic environment. Every person on the LPHQ team has gone above and beyond. I am very proud of my colleagues in the organization.

I also greatly appreciate the LNC members who dropped in for some of our daily standup meetings. It's a HUGE morale boost for staff when the LNC can make it to a meeting, because they know what they do is being seen. The chair, vice chair, secretary and treasurer have all been in stand-ups in the last month. I'd appreciate it if any LNC member who has been in a stand up to encourage a colleague to drop in occasionally.

The next quarter will be consumed with elections. We will do everything we can to support candidates and promote our brand as much as possible, with the long range goals of winning the elections we can and strengthening the party.

We are pursuing possible partners for alternate debates other than those sponsored by the CPD. We also hope to make significant noise around #LetHerSpeak. If you haven't seen the most recent video, it's superb.

Governor Candidate is Lyman Bishop CEO of Hoplite armor

State auditor candidate is Roger Roots

State Superintendent of public instruction candidate Kevin Leatherbarrow was excluded from debate.

State Senate candidate John Lamb received a fine for failure to report campaign financing.

21 total candidates on Montana Ballots 7 in bipartisan races.

Alaska:

Jorgensen Stops went well. They have a local bill from a ballot access attorney in the amount of ~$4,000 that Chris Weist is aware of, it seems excessive, but was in relation to a suit to try to remove the potus candidate. LPAK agreed to pay $500 of the costs, but was looking for help in the remaining costs of this bill, or to negotiate a lower fee.

Oregon:

There is a lawsuit asking the Oregon SoS to remove all LP candidates from the ballot and replace them with 4 candidates chosen by the suing parties. This is a continuation of the decades long drama in Oregon.

Washington:

No Response

Nevada:

Nothing to report

Utah:

Has 7 candidates, two in legislative races. Pandemic is subsiding in Utah, but restrictions have not been lifted yet (likely tied to governor race). Libertarian party has the potential to come in second in the Gobinitoral race ahead of the Democrats.

Wyoming:

The Frontier project is in full swing, and is the only focus of the WY party. Please see Mr Pizel’s report.
Colorado:
Colorado has over 50 candidates on the ballot. The Un-Convention raised money and awareness for several of these candidates. Chairman Victoria Reynolds (720-933-6900) will submit a full report this weekend (?)..

Kansas:
Kansas has 10 candidates for various levels of office who will be on the ballot November 3rd. They can be found here http://www.lpks.org/for_and_about_candidates

The most active of these are:
Jason Buckley for US Senate. This is our statewide race in which we need to attain at least one percent of the vote in order to maintain our minor party status giving us ballot access.
https://www.facebook.com/JasonBuckley2020

Matt Clark for Kansas State Rep 23
Matt has been putting in the work! He and volunteers have already been canvassing door-to-door and reached over 2000 of the 10,500 homes in his district. And he plans to reach all of them.
https://www.facebook.com/MattClarkKS
http://MattClarkKansas.com

Rick Parsons for Kansas State Rep 33
https://www.facebook.com/rickforkansas33
http://rickforkansas33.com/

L.J. Hermreck for Kansas State Rep 103
In addition to serving on the LPKS Executive Committee, LJ runs the very popular media channel Liberty ICT https://www.facebook.com/LibertyICT out of Wichita, KS.
https://www.facebook.com/Hermreck2020

And of course we are busy with the President election led by the Jorgensen Kansas Campaign Director Mary Gerlt.
Jo stopped by Kansas City, Missouri on her bus tour on August 13th. This was well attended by folks from Kansas.
And Spike visited Wichita, Kansas on August 24th with local media coverage.
Also in Wichita there was a successful Let-Her-Speak caravan and rally led by Kristy Laufer Nelson on August 8th with media coverage.

New Mexico:
NM has 25 state candidates on the ballot.
NM parties that achieve 5% of the vote are Major parties, and have much lower ballot petition requirements. There are only 3 positions this year: POTUS, US Senate and Stephen P Curtis for state Appellate court.

Curtis filed as a write-in candidate for the primary; the requirement to advance to the General election ballot is to get as many write in votes as the petition signature requirement. In this case 230 valid write in votes. The initial count after the state canvassing board tally was 204 votes.
Late corrections to the vote count revealed that a systematic problem counting write in votes. The SoS ignored our recount petition and despite receiving a substantial monetary bond, refused to address the undercount.

We filed and won a Federal lawsuit forcing a re-count in 3 of the 33 counties. Every county showed an undercount of write-in ballots for Curtis. Our largest county went from 38 to 183 votes for Curtis. In the end the SoS conceded and placed Curtis on the ballot, and agreed to pay the legal fees.

There is an urgent need for funding for Mr Curtis’s campaign. In addition there is one County Council race that is winnable: Jame Rickman in Los Alamos is a former county council member now running as a libertarian for one of the 3 council seats. His campaign needs to raise an additional $10k to allow for paid door knocking and literature drops.

**Arizona:**

Noting reported

**Hawaii:**

Per our discussion [www.feena4senate20.com](http://www.feena4senate20.com)

We are trying to unseat a Democrat incumbent in a two way state senate race in Hawaii. We have raised over $18K to address a district with 25K voters. We are blessed with an active candidate who is good at taking advice. COVID issues have undermined some of the traditional grass root campaigning, but I understand the candidate has distributed most of 10,000 door hangers purchased early on.

Expensive bulk mailing is a key to trying to overcome the odds of defeating this incumbent. I have attached a copy of our first flyer which cost us about $7,500, including the artwork. We plan to do two more, which should be smaller and a bit less expensive. Despite money coming in daily and more expected, we still have a hole to fill of about 2K as of now. Any wealthy LP member outside of Hawaii who can help would be welcome. Donations over 1K should include job description, if any, and employer (or self) if applicable. Of course small donations in any amount help as well.

I have been in charge of the LPH campaigns for four straight elections after taking a few years off. Like others in my position across the county, I see a lot of things that can be problems in campaigns. Good candidates stuck in three way races they can’t win, candidates who are in good races, but don’t do any work, and those who won’t listen to any advice and embarrass the party. You know what I mean. So having so many of the positive boxes checked off in this campaign is a real upper. The highest vote percent we have had since I joined the LP was the 31% I got in my state senate race in 1996. That’s a long time ago. I don’t know how voters will ultimately react to our efforts. I do believe it’s on us to make the best efforts we can. As long as the possibility of winning exists we need work for it.

Region 3 Representative
Dustin Nanna

Region 3 Alternate
Jared Hall
jared.hall@lp.org

This report details the recent activities of each state in Region 3. Ballot access was already secured in all four states so most of the focus has been on Presidential campaigns. Following are the reports for Region 3:

INDIANA

The chair of LPIN is Timothy Maguire (chair@lpin.org).

I did not receive anything specific to report from Indiana. Ballot access is not on the line this year.

KENTUCKY

The chair of LPKY is Christopher Wiest (chis.wiest@lpky.org).

I did not receive anything specific to report from Kentucky but the chair did express a desire for me to weigh in on the latest Twitter controversy which I will do at the appropriate time. The state needs 2% on the Presidential line to retain ballot access.

MICHIGAN

The chair of LPMI is Gregory Stempfle (gregstempfle@gmail.com).

I did not receive anything specific to report from Michigan. I am happy to report that the SoS will be listing them 3rd on the ballot through 2022. Ballot access is not on the line at this time.

OHIO

The acting chair of LPO is Dustin Nanna (dustin.nanna@lp.org).
LPO reports that all is going well and that they seem to be one of the more organized states when it comes to the Presidential campaign. The state needs 3% in the Presidential election to retain ballot access. The central committee decided not to fill the chair vacancy so Mr. Nanna will remain acting chair through the end of the year.
APPENDIX M – REGION 4 REPORT

Region 4 Report for LNC meeting on September 12, 2020

1) Membership. On July 3 California had 177,183 registered members or 0.85% of all registered voters in the state. This is up from 175,352 in February. Since 2016 we have increased registered voters by 47%.

2) Candidates. For partisan races we have 3 in the state for November; Jamie Dluzak for State Senate District 9, James Just for State Assembly District 7 and Starchild for State Assembly District 17. In local nonpartisan offices we have at least a dozen with four in Orange County and 3 in Riverside County. Many of these are winnable and a few are actually favored.

3) Spike Cohen Bus Tour. On August 29th Spike arrived in San Diego and spoke in front of 160 people and some local press. The next day he spoke in front of 190 people at a park in Huntington Beach. On September 3rd he spoke in Oakland before a crowd of approx. 100. California state chair Mimi Robson was present at all 3 rallies and said nearly 10 thousand dollars was raised for the campaign. We are looking forward to the Jo Jorgenson tour coming later this month.

APPENDIX N – REGION 5 REPORT

Region 5 Report
Sept 7, 2020
Compiled by Susan Hogarth, susan.hogarth@lp.org

Pennsylvania, via Steve Scheetz

1. ballot status
We were screwed over by the court system, but through some herculean efforts by over 200
volunteers, and 10 (or so) paid petitioners we turned on 10,315 signatures (5K valid
required) One of our paid petitioners, Darryl Bonner brought in around 1000, in
Philadelphia, with a MIRACULOUS 60-80% validity rate!

2. Jorgensen campaign activities
We can’t talk about ballot access completely without discussing the fact that both Jo and
Spike were in PA helping motivate volunteers AND petitioning themselves in various places.
It was very cool having them here!

3. other candidates/campaigns of note
34 of us were nominated, 12 of us are on the ballot, though 2 have been challenged. The
one we believe we can win will be the case surrounding Liz Terwilliger (the first Libertarian
to achieve the ballot and run for congress in that district) http://lizterwilligerforcongress.org
One of the arguments made by Republicans was that Liz could not possibly have gathered
over 800 signatures personally! She legitimately worked for it, her bill will be at least $3K,
several of us have already donated to her legal defense fund, and if anyone is able to
donate, please do, but also give your employment information for her campaign reporting,
and also let her know why you are donating.

4. particular activists you’d like to acknowledge
Jennifer Moore is a name everyone should be familiar with. She managed the paid petition
drive, which, for anyone who ever managed a paid drive, they will understand exactly what a
monumental effort that is required to keep those people working and working well. (60-80%
validity in PHILADELPHIA!!!!) It should come as no surprise to anyone when I say that she
was recruited to National’s Ballot Access Committee!

I want to bring up Bill Redpath in his work / help with our ballot access effort. We would not
have made it without all of the players working toward that goal this time around. 65% of our
sigs came from volunteers, I am proud of what we were able to accomplish, and I am truly
grateful for everyone’s work and effort. (CANNOT be overstated!)

5. general Party activities
We just had our western board meeting. (first and second quarter are in the center of the
state, the third is in the West, and the fourth is in the East.) It was very cool being out there,
because we had our meeting in Westmoreland County, a county that was just recently re-
organized, and while we were there, we stayed for their county meeting, and we also were
treated to meeting two activists from Armstrong County as they turned in their paperwork to organize Armstrong! Currently, we are working behind the scenes to organize several counties in the Central and Eastern portion of the state. We have also started a brand new membership drive. Some of you may recall that we doubled our membership in 2019, and while we may not keep that level of increase, we will surpass the raw numbers from 2019, and it is likely that when we reach convention, we will have surpassed our record setting fundraising efforts from 2019. (just shy of $50K) I am projecting, but we will be putting effort into capitalizing on the fact that we achieved ballot access, pretty much in 3 weeks! People seeing us doing things has brought in more membership and money in recent weeks. That and our membership witnessing what the politicians in Harrisburg did while trying to shut us out of the process. Bear in mind that we are not hoarding, we have several initiatives to advertise the fact that we are working here in PA, we will be advertising who we are and what we are about, something that has never been done before. While not as glamorous, we updated our policy manual this past weekend. It is the first time it has been updated since 2013! We made it more relevant to what we actually do instead of it being irrelevant and ignored. The goal is to share what works and the best way to do things to future boards.

6. and issues or problems happening or on the horizon.
We don’t have any idea whether or not we will have an in person convention or not. (however, this is not anything that anyone can do anything about. At least not any time in the near future.) I am hoping to have a convention in the Western portion of the state this time around.

West Virginia, via David Valente

(1) ballot status
West Virginia maintained ballot access in 2016 by attaining 1% in the gubernatorial election. We must retain 1% in the Gubernatorial race to retain access.

(2) Jorgensen campaign activities
Jo Jorgensen appeared in 2 West Virginia events. On August 4, she had a rally outside the Holiday Inn in Martinsburg, WV. Around 75 people were in attendance from Virginia, Maryland and WV. I served as MC and we had speeches from US Senate candidate David Moran and Gubernatorial candidate Erika Kolenich. The following day she appeared at the West Virginia State Capitol Complex in Charleston, West Virginia. For a mid day mid week event they got a good crowd of over 50. Former Paden City Mayor, Joel Davis serves as MC. There were speeches from WV House candidate Michael Young and from Erika Kolenich once again. The WV Jorgensen continues to coordinate activities with the Kolenich campaign to get literature and signs to the people in the absence of in person events. The campaign will benefit from the fact that Kanye West did not make the ballot in West Virginia.

(3) other candidates/campaigns of note:
We have a Gubernatorial candidate, a US Senate candidate, 2 WV Senate candidates and 4 WV House candidates and 1 County Commission and 1 City Council candidates this cycle. Our final candidate filing date was reached on August 3. We will be fighting for ballot
access in this year’s gubernatorial race. Erika Kolenich is in a good position and should reach the 1% threshold easily. We got good news in the denial of relief to S Marshall Wilson, a former Republican who likes to present himself as a Liberty minded conservative. He will continue to run as a write in for Governor but the judges decision this week took a lot of the steam out of his campaign. Of course Covid is making campaigning difficult but Erika is working hard on engaging the electorate. She is starting to schedule in person events. Erika will be having a fundraising event in her hometown of Buckhannon on September 13, before 2 events in Wheeling and Parkersburg on September 20.

(4) particular activists you’d like to acknowledge
Jennifer Fisher, the WV State Coordinator for WV for Jorgensen, has put in tremendous effort in coordinating the Charleston campaign event. She has helped improve coordination of the campaigns for Jo and Erika in WV. Chester DeBerry, brand new to the LP, he has put many a mile on his vehicles delivering signs and materials around the state.

(5) general Party activities
We just had our convention to name our 5 Presidential Electors on August 18. We will have a board meeting in September to discuss campaigns and coordination of efforts heading into the final month on September 22. Currently most of our efforts are directed at direct support to the campaigns.

(6) and issues or problems happening or on the horizon.
Getting Erika into the WV Gubernatorial Debates, she and the Green (Mountain) Party candidates were not invited to the one debate scheduled currently. We are thinking of conducting a protest outside the facility when the debate happens.

Virginia, via Juanita Walton Billings

1. Ballot Status
We petitioned until the day prior to submission and succeeded in turning in 5000 signatures on August 21, deadline for such submission. LPVA was notified early this week that our national candidates have indeed qualified to be named on our voting ballots.

2. Jorgensen Campaign Activities
Virginia hosted Spike Cohen at a Black Lives Matter rally at the state Capitol in August as well. Given the lousy weather, tardy arrival of our honored guest (through no fault of his own) and current health warnings, it was quite the success, with many of the BLM members signing petitions, discussing our candidates with us and generally being happy as they left. It was later learned that the BLM chapter endorsed our candidates. Virginia also is 80% complete for filling leadership slots for the state campaign team. Many other talented volunteers have also been identified for particular skills and have accepted defined roles: from the leadership team to “boots on the ground” activities. Now that ballot access has been earned, activity level is expected to increase as we kick off the state campaign with an All Hands conference call by the middle of this month when leadership will encourage all interested persons to sign up for open team slots requiring specific skills and knowledge. (See, issues and problems below.)
3. Other Candidates/Campaigns of Note
Cesar Alberta is running for Roanoke City Council, and Stevan Porter is running for Herndon City Council.

4. Particular Activists You’d Like To Acknowledge
Eric Bowling, as our lead on this project, with many others, went above and beyond in the circulating, acknowledging, delivering, collecting, counting, notarizing and, finally, submitting the ballot access petitions just under the wire on the last day for submittal. Of note this year, there was scarcity of notaries available to help with this task. This is notable as, four years ago, members were encouraged to secure notary commissions in advance of the national election in order to facilitate the process. The state party picked up the tab for many who stepped up to be commissioned.
Also of note are the heroic efforts of Dawn Skully, Virginia’s volunteers management guru. As soon as our candidates were nominated, Dawn began standing up the infrastructure, processes and data capture capability to not only identify those wishing to sign ballot access petitions but also to map them across Virginia so that petitioners and signers could arrange for personal visits to obtain those signatures. Also, now, all volunteers can sign up on line, can indicate skills available and positions of interest and can be added to our “control” mapping.

5. General Party Activities
A regularly scheduled state central committee virtual meeting was held in August, and various local affiliates held long overdue meetings (resulting from the gubernatorial mandate for social distancing and pandemic-related restrictions). Additionally, priority has been assigned to identifying and filling a number of vacant congressional district chair positions. Given notable interest by Virginians in the national campaign, an increase in local affiliates and activities has been noticeable.

6. Issues or Problems on the Horizon.
The state Jorgensen/Cohen campaign team had initially planned an All Hands Zoom meeting for this past weekend, but technical issues and unavailability of staff and appropriate technology at the national level made it impossible to broadcast (i.e., text) invitations. It has been reported that a different application will be needed to make this happen going forward, which has negatively impacted our recent momentum.

Delaware, via Sean Goward

Party registration is up by 5% (89 people) so far this year, most of it gained since Dr. Jorgensen was nominated.

Dayl Thomas and Amy LePore have done a phenomenal job setting up a presidential campaign from scratch, and are preparing continuity documents to keep us from having to reinvent the wheel during our next presidential campaign.

Will McVay developed an app to allow our candidates to interface with voter registration data filtered by their respective districts. It also tracks local legislation for any registered user.
Our state board is working on developing both a local candidate guide using Cara Schultz’s national guide as a baseline, but with a focus on Delaware’s Campaign Finance Reporting System (CFRS), and a process and procedure guide for party leadership.

The State Chair is a slacker and still needs to provide National the names of our local candidates.

**Maryland, via Bob Johnston**

The Maryland Libertarian Party has regained ballot access, as the Board of Elections last week affirmed that our petition was valid. We needed to submit at least 5,000 valid signatures from registered MD voters, and we had over 6,063 that were good.

Parties that get on the ballot by petitioning get two election cycles, so we are on until 2022. By then, our gubernatorial candidate must get at least 1% of the vote, or the party must have at least 1% of the registered voters by 12/31/22.

We have volunteers that are preparing to do sign waves and literature drops for the Jorgensen campaign this fall.

The Maryland LP held its annual picnic on 18 July. We had a great turnout, including members from the Delaware, North Carolina, and Virginia LP affiliates in attendance. Outgoing region five representative Jim Lark attended, as well as incoming regional rep Susan Hogarth, and LP Executive Director Dan Fishman also made the event.

**North Carolina**

The Jorgensen campaign team in NC hosted a visit from Jo at a local distillery in August. Despite rain, we had one of the best turnouts for the initial bus tour, at around 300 people. The team is currently working on planning a visit from Spike in early October, and organizing other campaign events.

The DiFiore for Governor campaign is distributing signs and other literature, planning sign waves, arranging interviews, and filming videos for release. Steven spoke at the Jo rally, garnering a lot of interest among young attendees.

The Executive committee is filling volunteer roles in their organization chart, and moving ahead with campaign support functions and educational activities.
Region 6 Report 3rd qtr 2016

We will keep it short and to the point this time.

Since the national convention region 6 has mostly been involved with getting ballot access in our states. With some help from a couple paid petitioners and lots of volunteers all were successful and have placed our national ticket as well as a large number of state and local candidates on the ballots.

Items of note.

Illinois had many challenges to their petitions despite winning their lawsuit and the subsequent appeals. The vast majority of which we won, if not all. In particular Bill Redpath defeated his challenge which they layered many complaints on.

Nebraska is facing the usual debate inclusion issues, this time though on a government sponsored television station, and is pursuing some forms of protest on that..

South Dakota was successful in also getting a marijuana legalization initiative on the ballot and is promoting that effort.

Missouri is working their ballot line and has been drawing candidates from the old parties tired of their games.

Iowa is running some very strong candidates for state races in a few districts.

Minnesota has been very active in protests as we know, and among other things has an exciting mayoral race in Burnsville that if they win will have a majority on that city council.

Wisconsin is working the POTUS campaign and strategizing for 21 and 22.

All states have had or have scheduled events for our Presidential ticket and are seeing the usual influx of interest during Potus years.

APPENDIX T – AWARDS COMMITTEE REPORT

Submitted to: Libertarian National Committee, Sept. 6, 2020

Submitted by: James W. Lark, III
Chair, 2020 Awards Committee

The members of the 2020 Awards Committee are Tim Hagan, Daniel Hayes, Jim Lark, and Bill Redpath. (Larry Gillis was a member of the Committee; however, he resigned from the Committee due to an increase in job-related responsibilities.)

The Committee solicited nominations from LP members for the national awards (Samuel Adams, Benjamin Franklin, Patrick Henry, Thomas Paine, and Thomas Jefferson), as well as nominations for election to the Hall of Liberty. Specifically, the Committee arranged for announcements about the awards to appear in LP News and on LP.org, and for announcements to be sent to the LP e-mail list. Nominations were accepted until the deadline of 5:00 p.m. EDT on Friday, April 10; at least 60 nominations were received.

The Committee met on April 11 to select the award recipients and Hall of Liberty inductees. A finalist list for each award was established; for a nominee to be named a finalist, the nominee needed a unanimous vote of the Committee. The recipients were chosen from the finalist lists; a majority vote of the Committee was required to select the recipients.

Similarly, a finalist list was established for the Hall of Liberty; to join the finalist list, a nominee needed a unanimous vote of the Committee. A unanimous vote of the Committee was necessary to select the inductees.

The inductees into the Hall of Liberty are Karl Hess and Gov. Gary Johnson. The names of the inductees were announced prior to the “second sitting” of the LP national convention in July. The award recipients are:

Benjamin Franklin Award: Cara Schulz
Patrick Henry Award: Bethany Baldes, Laura Ebke
Samuel Adams Award: Evan McMahon, Aaron Starr
Thomas Paine Award: Larry Sharpe
Thomas Jefferson Award: Ken Moellman, Emily Salvette

The names of the recipients were to be announced during the “second sitting.” However, the convention adjourned before the names were announced. The recipients were informed of their awards and received their trophies following the convention.

The Committee and members of the LPHQ staff are planning to organize an event to recognize the award recipients. A date for this event has not been established.

Information about the Awards Committee, the awards, and previous inductees and recipients is available in the appendix.
The Committee expresses its gratitude to the following people:

- Robert Kraus, for his help in distributing information about the awards process and his assistance in obtaining the trophies to be presented to the recipients and inductees.
- Daniel Fishman and Robert Kraus, for their efforts following the convention to ensure the award recipients received their trophies.
- Matt Hudson, for his work to prepare video presentations for the awards ceremonies. (Unfortunately, the videos he prepared were not shown during the convention.)
- The LP members who submitted nominations.

The Committee believes the LNC should be aware of the following matter. At the time the Committee selected the award recipients, some of those recipients were seeking positions on the LNC. Shortly thereafter, at least one award recipient became a candidate for the vice-presidential nomination.

This situation placed the Committee in an awkward position regarding the announcement of the names of the recipients. Specifically, there was concern that announcing the names of the recipients prior to the candidate nominations and the LNC elections might be viewed as providing assistance to certain candidates. There was also concern that in delaying the announcements until after the nominations and the LNC elections, delegates would not receive useful information regarding candidates for nomination and candidates for LNC positions.
APPENDIX

From the LNC Policy Manual:

Section 2.02 (Committee Scope and Responsibilities)

5) Awards Committee

For the convention awards described below, the Awards Committee shall set the budget, manage the nomination process, select the award winners by committee vote, secure the awards, and present the awards at the convention.

The award descriptions are:

**Thomas Jefferson Leadership Award** with recognition of outstanding leadership, high character, and dedication to the principles and goals of the Party.

**Patrick Henry Candidate Award** with recognition of a very effective campaign for public office at the state or federal level, while communicating Libertarian ideas, principles, and values.

**Benjamin Franklin Candidate Award** with recognition of a very effective campaign for public office at the local level, while communicating Libertarian ideas, principles, and values.

**Thomas Paine Communication Award** with recognition of outstanding communication of Libertarian ideas, principles, and values through written, published, or spoken communication.

**Samuel Adams Activism Award** with recognition of effective activism by building Party membership, organizing community outreach, or communicating Libertarian principles.

**The Hall of Liberty** induction is to honor lifetime or significant achievement that has made a lasting impact on the Libertarian Party and/or libertarian movement.

With a majority vote the committee may select recipients of the Thomas Jefferson, Samuel Adams, Benjamin Franklin, Thomas Paine, and Patrick Henry awards. While the committee has discretion as to the frequency of such convention awards, it is hoped that at least one recipient will be found worthy for each award at each regular convention.

With a unanimous vote the committee may select recipients of the Hall of Liberty award, with up to 3 inductees per convention. While the committee has discretion
as to the frequency of this convention award, it is hoped that at least one recipient will be found worthy for each presidential nominating convention.

APPENDIX U – BALLOT ACCESS COMMITTEE REPORT

No report submitted for this meeting.
Background for future readers

The LNC members to whom we submit this report know most of the background story of this pandemic convention, but we’ll document the main plot for the benefit of any future readers.

The 2020 convention was originally contracted to be held at the JW Marriott in Austin, Texas over Memorial Day weekend. We started selling packages in April of 2019. Hotel room bookings and package sales were off the charts. We were destined to have an excellent convention. When the JW Marriott would no longer add more rooms to our room block, we contracted with one overflow hotel and were looking to add a second option. In March and April 2020 our revenues-to-date exceeded $325,000.

The COVID-19 pandemic changed everything. We hoped that conditions would change in time to allow the Austin event to happen, but it did not work out that way. By early May, the public health restrictions in place in Austin would only allow facilities to operate at 25% capacity with 6’ social distancing required. The meeting space we had contracted just was not large enough to spread our delegates out that much.

The vicious internal political fighting began. The COC members were caught in the middle and targeted with particularly harsh criticism, and Daniel Hayes as our chair caught the brunt of the social media abuse. Some delegates wanted to find a way to meet in-person, and other delegates wanted to cancel any in-person plans and conduct the entire event online. The LNC was heavily lobbied from both sides.

In early May 2020, the LNC first voted to execute the force majeure clause in the Austin contract. One week later, the LNC voted to adopt a compromise plan in which the party would conduct the presidential ticket selection in an online event over Memorial Day weekend (May 22-24), with the remaining business to continue to an in-person meeting in Orlando. The delegates who participated in the online presidential ticket selection voted at the end to adopt a motion made by Mr. Hayes to adjourn to Orlando for the in-person portion. The COC contracted with Rosen Shingle Creek for the dates of July 9-12. Though the facility was closed when the contract was executed, they assured us that they would reopen on July 1.

Though health restrictions in Orlando still would have permitted the Rosen Shingle Creek plan to happen, on June 25, just under two weeks prior to our scheduled convention start date, the hotel notified us they had made a business decision to not re-open for our event. Rosen offered to move us to the Rosen Centre combined with a large meeting space in the adjacent Orange County Convention Center. The internal political wars raged.
Though we were at wits’ end, the COC scrambled, held it together, and within a week amazingly (if we do say so ourselves) managed to quickly come to terms for new contracts with Rosen Centre and Orange County Convention Center.

On July 3 with some delegates already en route to Orlando, the LNC approved the plan to move, but it threw in a new twist by promising delegates that remote participation would also be allowed. The COC was then facing many package cancellations as delegates decided to participate online instead of attending in-person, we had much greater uncertainty about how many would attend, how to scale meal orders, etc.

For a convention full of so much uncertainty, chaos, guessing, political warfare, and plan changes, the very tired COC members hung in there, re-planned the event for a different facility in 4 days, and are rather proud of our work this term. We monitored our finances carefully and still managed to pull off a PROFITABLE and SAFE in-person event.

Hours Invested by the COC

This COC met 60 times this term, starting bi-weekly in late 2018, and then at least weekly in the final months. With a 7 committee members meeting 60 times for 2-3 hours at a time, just our meeting times alone are near 1000 person-hours. Sam Goldstein was often kept up WAAAY past his preferred bedtime.

That pales in comparison to the time individual COC members spent outside of meetings actually implementing the plans made during the meetings. Daniel Hayes essentially worked full-time on this project for a very long time. This committee’s task is a massive one, not one that can just be delegated to existing staff as though it were nothing.

In addition we provide a very important role of financial oversight with our reporting obligations and LNC members sitting on this committee managing large amounts of revenues and large financial risk.

Other COC Accomplishments

The COC also completed site searches and executed contracts for the next two conventions, for 2022 and 2024. When the COC has a mind to work and locks down these plans in advance, we have more competitive venue options to choose from. Facilities that can accommodate groups of our size regularly book 4-5 years in advance, and the longer we wait to secure a contract, the more of them become unavailable.
Casualties of the Chaos

Though convention voting processes are not part of the COC assigned duties, the COC had budgeted to try to provide a Scantron-type voting option for an in-person meeting, with the hopes of being able to reduce the time it takes to run our elections and reduce the chances for human error. A COC member had invested time testing hardware and software toward this goal. The COC had purchased a convention app to use instead of generating a large binder of paper. Both of these projects had to be abandoned once the chaos of the pandemic left us with no bandwidth to spare.

Project Porcupine approached us with an offer to provide software that would at a minimum provide us virtual speaking queues that could be used to merge both in-person and remote delegates, should the delegates amend the bylaws for remote participation. It also would have had optional voting features. The COC voted to offer this software for speaker queues, but it would have needed delegate approval to use its voting features. When that didn’t work out, there was more scrambling and improvising.

Alex Merced stepped up and improvised a quick-fix speaker queue for remote delegates, but trying to merge the in-person and remote speaker queues created contention, whether or not it was warranted. Zoom was used for some elements of remote voting, though at times it was questioned whether the hard count from Zoom was accurately integrated with a visual impression from an in-person standing vote on questions requiring a 2/3 vote.

Since those in the convention hall could log into the Zoom meeting and vote in both places, it caused doubt about the integrity of the voting. Some state chairs were actively monitoring their online participants for this potential, but others did not. On July 11th delegates received an email from the Executive Director which said (emphasis added):

“You are going to have to register for tomorrow. This will help us cut down on people voting twice. Once you complete your registration you’ll get another email that will let you into the room. Sorry for the extra step but we got a little too footloose and fancy free today.”

The COC has not been informed of the details that caused such a horrifying message to be sent. We do not know how widespread the problem was believed to be. It doesn’t inspire thoughts of confidence. We do not know how involved the Credentials Committee was (if at all) in granting Zoom access. There was no monitoring of who was or wasn’t in the convention hall at any given time to use as an exclusion list for the Zoom meeting. We do note that twice this year the delegates were presented credentials reports asking for approval of a delegate list containing more than the maximum 1046 delegate allocation. Many checks and balances on the integrity of the process seemingly were abandoned.
Our Thank-You List

Thank you to everyone who attended the convention in Orlando and to the people who participated online. You have made this a successful convention during this uncertain time.

Thank you to our office staff for all the help they gave before, during, and after the convention.

Thank you to Daniel Hayes for his work to make this the best convention to date. It is unfortunate that the pandemic threw everything into chaos because we were on track to have the most successful convention ever.

Thank you to Jim Turney for jumping in at the last moment with both feet running. He picked up much of what Bette Rose would’ve had to drop in the end. He quickly found a place to print our branded face masks, found local talent to provide entertainment at our reception and gala, sourced needed equipment and supplies, etc.

Thanks to those who provided direct-to-delegate donations of disposable face masks, convention bags, and hand sanitizers.

Thank you to everyone who volunteered their time to help out: Michele Poague and Kevin Gulbranson as door guards as well as helping at times in registration. Jay and Cherise Norton, Nick Dunbar and his son Dante Dunbar, Kendra Justine, Jeff Lyons, and others who helped at the registration desk.

A special thanks to each of our fellow members of the COC who gave up so much time and money. Every one of them worked hard. Our team was well-rounded because each had their own area of expertise – past convention experience, IT skills, organizing skills, hotel hospitality experience, contract skills, financial skills, etc.

A special acknowledgment goes to those who purchased convention packages, ultimately decided not to attend in Orlando, yet did not request a refund. Normally a convention with only 400 in-person attendees and large a/v needs for such a socially-distanced space would have been a rough financial ride. Yet it wasn’t. That’s because of your decision to contribute to the event from a distance, combined with this committee’s ability to scale down the expenses when plans changed dramatically.

Finances

We need some positive things during this pandemic, and we are happy to report that our 2020 convention finances are good news!!!

After the 2018 convention, because the LNC had allowed use of advance convention revenues to fund deficit spending on party operations, it took many months after that profitable 2018 event to pay off the hotel bill.
But because the LNC finally agreed last term to set policy requiring segregation and protection of convention revenues until the convention bills were paid off, this time we were able to actually pay the large convention bills when they came due! That also meant we had the cash to issue refunds when the pandemic caused many to change their minds about attending due to health concerns, personal financial difficulty caused by economic shut-downs, etc.

According to the FEC reports, we issued 189 refunds (packages, suites, vendor tables) which totaled $125,722.59. The vast majority of these refunds occurred during May, June, and July.

Had we not held an in-person event at all, we likely would have had to refund much more of the peak revenue which exceeded $325,000. Because the LNC waited so long to force the convention revenues to be protected, the remaining $200,000 convention cash on hand would have been insufficient to do that. Had we not held an in-person event at all, the convention profit would not have happened, and much of the other on-site party fundraising and membership renewals would not have happened at all. These profits are what allowed us to fill the hole that started with the 2018 deficit budget.

After the LNC took the presidential ticket selection online, the unsuccessful presidential contenders cancelled their prime vendor tables, hotel suites, and hospitality rooms for the in-person event. Baseless accusations against COC members (trying to kill grandma, must be on the take) caused others to cancel at least $10,000 of their generous donations in disgust, and the COC eventually lost a valuable member over it.

The COC had not initially budgeted costs for a very large online meeting or for personal protective equipment for delegates.

With only about 400 delegates present at the in-person event, clearly many remote participation delegates generously opted to not ask for package refunds. Thank you!!

We were contractually obligated to book 611 guest room nights at the hotel, and we easily avoided attrition penalties since our actual usage was 946 guest room nights. (At the time the Shingle Creek plan fell apart, our event had booked 1,471 guest room nights there.)

* The revenue numbers in this report vary from those in the party’s financial statements, mostly due to these marked items. The party’s QuickBooks records do not credit the convention event for these revenues, though there were express advertisements to the donors that the funds would help offset convention expenses.

The gala fundraising is typically dedicated to general party operations, including ballot access for our presidential ticket. These and certain other onsite revenues are in addition to those listed above.

**Post-Convention Survey**

In a survey sent out three weeks after the convention, we asked of convention attendees:

“Did you or anyone you know of who was physically present at the convention, get a positive CoViD test result after the convention or show symptoms that were likely CoViD?”

There was not a confirmed case of an attendee having acquired COVID-19 as a result of having attended our in-person 2020 convention.

Three people answered the question with something other than “no.” Two of the three seem to be referencing the same person from the same small delegation. One of them said yes, a member of their delegation did, but it was well after the convention and could have been
contracted afterwards. The second person from that same delegation indicated they were the one who later tested positive, however, they said they actually tested negative for both the virus and antibodies from a test taken DURING our convention at the nearby testing site, and they were pretty sure they instead contracted it from a youth wrestling tournament after returning home from the convention. The third person answered "yes," and gave no more specifics, but the remaining answers they gave on the survey cast doubts on the veracity of that answer (first said they attended every day of the convention, but later said they did not attend any of the business sessions or breakouts or meals, everything was terrible, the hand sanitizer that was everywhere was insufficient, free face masks were hard to find, they declined to give their name, etc.) It seemed more like a vindictive entry than a truthful one.

The survey also showed that most of the attendees were quite satisfied with the convention. Some indicated that the sight and sound didn’t work for them. The echo in the hard-floor and hard-wall exhibition space was bad. Our a/v plans had been made for a ballroom space with carpeting and lower-echo walls. This is one of the many reasons we can’t typically use a convention center. To minimize the echo, we would need to carpet and drape the hall OR add several more speakers and screens. Both of these options are beyond our current resources.

Most thought the décor was good, but there were many who would like to have seen better stage décor. Realistically there was no time to do more. Most were happy with the pandemic precautions taken at the convention, though some thought masks weren’t always easy to find.

**Things that we learned**

Even when a convention center is handed to us on unusually good financial terms, it is still not a good fit for us, though it was adequate in a pinch this year.

Sell tickets as early as possible. While we like the idea of selling the next convention’s tickets at the current convention, some are concerned that this could hurt onsite fundraising. Tickets for Reno 2022 should go on sale at least 9 months, and preferably a year, before the convention.

A timeline "to do" list, with deadlines, drop dates, and who is responsible for each should be drawn up at the very beginning of the formation of the Convention Oversight Committee. This should be shared with the National Office and with the LNC. It keeps everyone informed and each person knows who to contact for what issue.

A working committee can get so much more done than an oversight committee if that committee has members with expertise that fits the needs of the committee.

- **Daniel Hayes** was very good at creating contacts, getting interesting speakers, and raising money;
- **Alicia Mattson** was our go-to person for finances and historical data, as the creator of two tools the committee has dubbed the Spreadsheet of Awesomeness and the Checklist of Doom;
• Sam Goldstein was fantastic at sales, keeping track of room assignments, and vendor table assignments;
• Erin Adams used her culinary experience to work out our special menus with the chef to get us the most bang for the buck on our food, and she handled many décor decisions;
• Whitney Bilyeu worked with volunteers, special events, décor, and helped us stay on track;
• Ken Moellman was a great asset because of his IT knowledge and hard work – his knowledge allowed us to deliver the best A/V at the best price;
• Jim Turney was our man on the ground, helping find local talent, supplies, and equipment.

All knowledge should be shared with all committee members, though that’s hard to do when you’re just trying to get things done. Mr. Hayes had many things in his head that we lost when he wore thin and ultimately resigned from the committee. Specifically, all confirmed speakers should sign a contract outlining what they are being asked to do and what their compensation is, documenting contact information, and that should be placed in the committee's records. We already require major event speakers to sign a policy-mandated agreement that they won’t run for internal national offices, so this could be an easy addition. Perhaps a tool like DocuSign would simplify standard contract executions.

LP office staff took in money for vendor tables and other non-package sales, but the committee need to receive one form for each vendor, suite sale, and room rentals that contains contact information.

It was not a good arrangement to have some funds come in via Raiser’s Edge (where only staff could access it) and others through the CRM (to which one COC member had access). All the convention funds need to come through same portal, and COC needs to have ready visibility to it to monitor event finances.

What the LNC can do to ensure a good convention

• Fill the COC with members that have experience in areas needed for the success of the convention. Avoid voting for someone who can only warm a seat.
• Assign one person to be an ad hoc member of the committee. Currently, the rules say that person is the national chairman. Too many bosses slow everything down and is cause for confusion. Since there are members of the COC on the LNC, the LNC has a pipeline for information.
• The LNC chair needs to work with office staff on how to interact with the COC. LNC policy establishes that the COC acts on behalf of the LNC relative to most convention planning. COC decisions must not be ignored, overturned, or undermined by staff or even by the LNC chair. The importance of the convention to the party must be emphasized, and an appropriate prioritization of convention requests/tasks from the COC must be established, especially in the immediate run-up to the convention date.

* On 5/29/20, just 5 days following adjournment of the online portion of the event, LNC Chair Nick Sarwark emailed the LNC to announce he was removing Daniel Hayes as COC chair and removing him as a member of the COC. The LNC did not disagree that the LNC Chair can unilaterally appoint/remove the COC chair, but by email ballot vote (starting 5/31/20 and ending 6/7/20) the LNC overturned the chair’s ruling that he could unilaterally remove him from the committee. As LNC policy required that filling non-LNC seats on the COC first required a recommendation by the COC, Mr. Sarwark expected the COC in its 6/1/20 meeting to make a recommendation for the vacancy. The COC declined to do so pending the outcome of the LNC vote about whether Mr. Hayes was still on the committee. On 6/2/20 Mr. Sarwark announced that he was appointing (even without a recommendation from the COC) Jim Turney to fill the alleged vacancy. Since the LNC decided Mr. Hayes still retained his seat, the committee was already at its maximum membership. Mr. Turney was a wonderful and valuable addition to our planning team, and he didn't deserve to be placed into such an awkward position. He was ready to work and the COC happily welcomed (and needed) his assistance for the rest of the term regardless of whether he could be an official committee member. Mr. Hayes subsequently resigned from the committee on 7/6/20.

APPENDIX W – EMPLOYMENT POLICY AND COMPENSATION COMMITTEE REPORT

No report submitted for this meeting.
HISTORICAL PRESERVATION COMMITTEE REPORT V2
LNC MEETING SEPTEMBER 13-14, 2020

COMMITTEE OVERVIEW
Policy Manual Section 2.02 SCOPE AND RESPONSIBILITIES

Historical Preservation Committee

The HPC shall be responsible for directing the preservation and publication of Party historical documents and the administration of LPedia.org. A report of its decisions and activities shall be delivered at each LNC meeting.

The scope of the initial organizing work will last well into several years (the estimate is at least additional five years depending on member involvement), and LPedia will need to be maintained for the time of its existence.

Committee Members
- Caryn Ann Harlos (Chair)
- Joe Dehn (Secretary)
- Ed Fochler
- James Gholston
- Andrew Kolstee

Status of search for potential additions to committee:
As this is a new term, new applications are being solicited. We are also awaiting the appointment of the committee chair for this term.

Reports, Meetings, and Communications
The Committee is committed to transparency and conducts open meetings on the first and third Wednesday of each month via Zoom. The monthly agenda is posted and updated here: http://lpedia.org/LPedia:LPHC_Agenda. Committee discussion is also conducted via email with a read-only subscription option available to all Party members by sending a message to lphpc-request@lists.dehnbase.net with "subscribe" in the subject line. The minutes and other records from its proceedings are preserved on LPedia¹ (links noted below for member review); ²

¹ The complete history of minutes and reports can be found at: http://lpedia.org/National_Historical_Preservation_Committee
² The committee will soon be testing out using the google meeting software instead of Zoom.

Motions Considered
- None

Motions for LNC
- Appointment of LPHPC Chair

Regular Dedicated Non-Committee Volunteers
There are multiple regular volunteers that tend to specialize either in their state or in broader subject matters such as election statistics. The committee is in search of another Colorado on-site volunteer and will be exploring internships once again. I have been encouraging the state affiliates to take ownership of their pages and update them regularly.

STATUS OF DOCUMENT PRESERVATION

Storage Unit
Initial plans have been made to expand the shelving at the unit in order to maximize the storage space, but we are not at that point. Details on the method behind the organizational process as well as a tour of the site are available upon request.

Digitization

Documents and Papers:
Batches of documents are scanned regularly. Presently, we have a backlog of items already scanned to be uploaded.

Audio/Video/Electronic Data Materials:
We received previously unknown boxes and boxes of Clark video material that will be digitized in the future, with some of the items being in the rarer formats for which there is only one current vendor who does that work. We need volunteers to work on other media categories

\(^3\) As per the requirements of the Policy Manual Section 2.02.1, the above-linked minutes contain the dates and attendance rosters for each of the Committee’s meetings since the previous regular LNC Meeting.
such as audio and VHS. All of the past meetings on UStream have been downloaded but are not yet on LPedia. LPHQ took all of our VHS tapes to digitize for use in 50th anniversary events. Those files are being received in batches.

**HISTORICAL COLLECTIONS AND PROJECTS**

**State Party Preservation Efforts**

*State Party Coordinated Preservation Efforts/Committees:*
- **California**
  - A historical committee, chaired by Joe Dehn, is working on collecting and preserving material relating to the state and local LP organizations.
- **Colorado**
  - The affiliate is using LPedia as its public records archive and regularly uploads records.
- **New York**
  - A historical committee is being led by Andrew Kolstee to organize their substantial records.

*Individual Preservation Efforts or Donations of Items*

Individuals regularly contact the committee regarding their personal collections. The committee is very focused about what kinds of material it will accept, and offers advice concerning items it generally does not accept. In cases where it appears that important items will be thrown away if the committee does not intervene, we try to find a home for them in an academic archive if possible. The priority remains the national party records, and the committee encourages and trains state parties to use LPedia as their permanent archive and to organize local volunteers to do the digitization work.

*Nolan Archive*

These materials are presently stored in the Utah home of Dr. Buchman who has expressed interest in writing a biography of David with the encouragement of his widow, Elizabeth. Elizabeth signed a written copyright waiver for these materials to be published with or without attribution to LPedia and for commercial or non-commercial use. As the committee had passed a motion to get these scanned, we are attempting to work with Mr. Buchman to get these records to the scanning facility.

*Yahoo Lists*

We have downloaded as many groups as possible and have these in the archive.
STATUS OF LPEDIA

General Statistics
- 4,473 Articles
- 32 Active Editors
- 5,224 Document/Image Uploads

Daily unique visitors remain about 100-125 with bumps when particular pieces are featured on Facebook or Ms. Harlos appears at various speaking engagements.

Featured Articles
At least once a month (preferably twice) detailed and image-rich articles are featured on the front page to freshen up content and highlight various affiliates, events, people, and documents. Nearly any article can qualify if they meet the standards of high-quality content. Types of content are alternated in order to not emphasize one interest over any other and provide variety. The following are the 2020 featured articles thus far:

- First Issue of LP News
- California Convention 2020
- Libertarian Party of Colorado
- National Convention 1996
- LNC Meeting 1-2 February 2020
- LP News 1972 January Issue 2
- David Koch

Massive Category Clean-Up
The initial structure has been laid out using OmniOutliner with the master file available for download. The process is coming close to completion with the exclusion of the "images" and "publication files" categories. The current top-level category tree is structured as follows:

- Collections
- Definitions
- Events
- Files
- Images
- Issues
- Lists
- LPedia

Last report statistics:
- 3,532 Articles
- 22 Active Editors
- 4,222 Document/Image Uploads
• Organizations
• People
• Places
• Publications
• Records

**Technical Issues**
We successfully completed the move to /wiki/ as the subdirectory for main wiki content which was the recommended best practices.

**Data Back-Ups**
Regular back-ups are done professionally and consistently. All of the uploaded documents are also kept offline on hard drives and regularly copied to drives stored at a safety deposit box. Any member who provides Ms. Harlos with hard drives may have a copy of all of these records. The committee would like to see them widely distributed so that there is never a single source/point of failure.

**Rating Articles**
We are working on a system to rate articles in terms of quality and importance to facilitate improvement on below par items.

Respectfully Submitted,

Committee Chair
Not populated as of this meeting, so no report at this time.
This report provides information concerning efforts to build and support Libertarian campus organizations.

1) I continue to respond to inquiries from people who want information about the LP campus outreach effort. I am usually able to respond within 24 hours.

Unfortunately, I have received very few inquiries recently. I suspect this is due to the fact that many colleges and universities are conducting classes online. In addition, at the colleges and universities where students are allowed on campus, it appears that the students are severely limited in their ability to conduct recruiting and outreach events.

As noted in my previous report, I contacted the Jorgensen presidential campaign to inquire about assisting the campaign’s outreach efforts on campus. I have not received a response as of this moment. I shall soon contact the campaign again about this matter.

2) I continue to work with various state and local LP organizations to assist their campus outreach efforts. In particular, I work with state campus outreach coordinators to assist their programs to build campus organizations and assist campus activists.

3) I continue to work with Students For Liberty to build libertarian groups at high schools and colleges. (I am a member of the Board of Advisors of SFL.) SFL board members and I have found ways for the LP to use the services available from SFL; we must be careful to avoid jeopardizing SFL’s 501c(3) status. I also work with Young Americans for Liberty on projects of mutual benefit.

4) I serve as a member of the Foundation for Economic Education Faculty Network. I have not heard anything from FEE during the past year regarding the proposed workshops I would conduct on risk analysis and understanding public policy data. Early next year I shall inquire again regarding their interest in the workshops.
This report will provide information concerning my efforts as International Representative since the “second sitting” of the 2020 LP national convention to assist the work of libertarian political parties and activists throughout the world.

1) The International Alliance of Libertarian Parties (IALP) meeting, scheduled to take place in Cardiff, Wales on Oct. 3, has been postponed to March 20, 2021. I shall participate if I am able to do so.

2) The Liberty International conference in Medellin, Colombia, which had been rescheduled for January 2021, will be rescheduled again; the most likely date is August 2021. However, there is considerable concern as to whether conditions will improve sufficiently to allow the conference to take place.
LNC Chair’s Framework for a Strategic Plan

September 2020
Introduction

All your freedoms, all of the time. 49 years ago, that dream motivated a group of principled, self-reliant visionaries to gather together and reluctantly enter the political arena. Today, the Libertarian Party they constructed is America's third largest political party. Our ideas have gone from hopes to mainstream, our elected officials are voices of principle and common sense in a contentious and tribalistic political environment, our activists are able to make the impossible happen, and our members are generous with their time and money in working toward our shared vision.

The national party has an important role of providing foundational support for these efforts of our elected officials, candidates, activists, donors, and state and local party leaders. Ideas for activism, Membership leads, Strategy, Phone banking and door knocking, Joint fundraising, Talking points, Training, Branding. To build our party to be able to elect and re-elect Libertarians and change public policy, there is much to be done. We must decide how we will prioritize our staff time and financial resources, and what steps we must take to have more donations and activists and elected officials and results. As the saying goes, plans are useless but planning is important. The strategic planning process focuses on defining the goals to be pursued, the metrics by which we measure our progress, the initiatives and steps to take to make it happen, and the clear decision-making rights needed to reinforce success or shift resources away from efforts that fall short.

As LNC Chair, I view my role is threefold: (1) to facilitate decisions, avoiding the extremes of micromanaging or neglect; (2) to create clarity and remove obstacles; and (3) to represent the organization, serving as a nexus between all our many stakeholders. We owe it to our staff, as well as to all those who support our efforts, to do everything we can to provide clarity and transparency about our goals, priorities, and evaluation methods.

Imagine the impact from a Libertarian Party that:
  k. Elects, re-elects, and supports principled Libertarians to change public policy
  k. Builds & sustains partnerships that provide the resources for our maximum impact
  k. Supports and engages a growing membership to achieve results
  k. Conveys the LP as impactful & growing, the best option, and worthy of your support
  k. Delivers infrastructure and operating practices that seamlessly support our activities

The blueprint for how we construct these results is in the pages ahead. I am grateful to the many people who have contributed ideas to this report. Necessary next steps are refinement, prioritization, and establishing specific goals and implementation steps. Success begets success, so may we have many team victories to celebrate in the months and years ahead!

In Liberty,

Joe Bishop-Henchman, LNC Chair

Candidates & Elected Officials

Goal: Elect, re-elect, and support principled Libertarians to change public policy.

While there are many fine organizations promoting libertarianism and educating Americans about libertarian ideas and policy solutions, only the Libertarian Party can elect principled Libertarians to make that policy happen. The 2018-20 LNC made history in prioritizing building infrastructure to elect Libertarians to state legislatures with the Libertarian Frontier Project: using data and research to identify winnable seats, recruiting principled Libertarians involved in their communities and capable of winning public office, providing branding and strategy help, and training and deploying canvassing and Get Out The Vote (GOTV) teams. Moving away from a direct subsidy model, candidates must raise their own campaign funds and build their teams, but National HQ provides infrastructure, strategic support, and canvassing personnel. After November 2020, which will hopefully see the first Libertarians elected to state legislatures in a generation, the lessons learned from this experience can be used to fine tune the approach and expand it to other promising opportunities in the future.

In addition to winnable races, Libertarians across the country run for office to preserve or gain ballot access, to ensure choices on the ballot for all Americans, or to promote Libertarian perspectives on key issues. Many of these candidates have benefitted from campaign logistics and messaging training provided by national HQ, programs that should be continued and expanded to include media and messaging training, treasurer training, and more. Ultimately, we want to create a pool of talent: people with the experience and ability to be candidates, campaign managers, treasurers, and other roles. We also want to ensure that those officials who are elected are supported in that role such that they can thrive.

Finally, retaining 50+DC ballot access is crucial, as a key asset and talking point for our party. We are the only party other than the Ds and the Rs to consistently have 50+DC access, and estimates of what it would cost to “buy” such access range up to $30 million per election cycle. We are able to achieve it for a tiny fraction of that amount thanks to a combination of familiarity with the tricks of the trade and a dedicated base of activists who make it happen.

Initiatives:
- **Frontier Project** (underway): Described above. Summer 2020 activities include building up GOTV teams and supportive issue messaging.
- **Frontier next phase**: Based on the lessons learned from the Frontier Project in 2020, modifications to expand and scale up to other areas of the country.
- **Libertarian Elected Officials Network** (new): Nationwide support network for Libertarians in public office, to connect with each other, share ideas and achievements, be a sounding board, and generally support each other in their difficult roles.
- **Ballot Access Summit** (new): A roundtable that maps out ballot access strategy for 2022 and 2024 with key national and state LP participants, including legislative changes and litigation targets and developing ideas for generating public awareness of
the disparate treatment Ds and Rs give, with a goal of minimizing last minute (and expensive) “parachute drops” to secure ballot access.

- **Moulton Maneuver** (adopted nationally) for **Elected & Appointed Libertarians**: Pennsylvania elected 40 Libertarians in 2020, by systematically identifying all local races with no candidate, or vacant appointed positions, and matching them with a Libertarian willing to serve. While not all states have as many of these races as Pennsylvania, this project will work with state affiliates to identify them and expand our number of Libertarians gaining experience serving in local public office.

- **Campaign Trainings & Handbook** (expanded): Expanding our wildly successful programs training Libertarians on how to be effective candidates for public office and political directors for their state affiliate.

- **Vendor Network** (new): Directory of Libertarian vendors for campaign-related services.

- **Treasurer Trainings** (new): Providing “certifications” to those who undergo FEC training, building a bench of qualified treasurers to serve on campaigns.

- **Door Knocking Program** (expanded): Training a pool of experienced canvassers that can be deployed anywhere in the nation. Door knocking and lit drops, along with phone banking, remains our most effective campaign outreach technique.

- **Donation conduit website** (ambitious goal): ActBlue and WinRed are “conduit PACs” that are one-stop clearinghouses for donating to candidates on their “team” en masse. We lack an equivalent, resulting in balkanized digital fundraising that does not take advantage of economies of scale from donors interested in supporting multiple races. The value of such a website and how to implement it should be explored.

**Potential Metrics (draft, subject to change):**

- # state legislators elected
- # local officials elected
- Re-election rate as Libertarian
- # people who have door knocked & # doors knocked
- % of vote test races with Libertarian candidate
- % success rate in “vote test” races that preserve ballot access

- # people completing media training
- % of candidates running treasurer / campaign manager / strategy trainings
- % of candidates running sub-state legislature (local office) vs. state rep vs. Congress
- % of “winnable” local races with a Libertarian candidate
- % of Americans with at least one non-presidential Libertarian candidate on their ballot
- # of states with ballot access
- % votes for targeted races
- # in Elected Officials Support Network
Development

Goal: Build and sustain partnerships that provide the resources for our maximum impact.

Membership dues cover less than a quarter of the national party's expenses, with the remainder coming from general fundraising and project-specific fundraising. Only in 2016, however, did the party commit to adding a permanent dedicated fundraising staffer and only in 2019-20 has the LNC prioritized fundraising sufficiently to begin building a fundraising team.

We have a number of different avenues for people to contribute financially to the Party:

- $25 basic memberships (set at that dollar level in the Bylaws; has been $25 since 1991 aside from a short-lived increase to $50 in 2004-05)
- Pledge memberships (monthly recurring gifts)
- Direct mail donations
- Digital solicitation donations
- Lifetime memberships (currently $1,500, as set in the Policy Manual)
- Larger donations, up to the FEC cap, both general operating and project-specific
- Planned gifts (estate and legacy gifts)
- Sales of merchandise at the LP Store
- Sales of convention packages and other event tickets

Our financial supporters are long-term investors in our Party. For example, our most generous 100 current donors have been giving to the Party on average for 26 years, a total of $4.2 million through our various giving avenues. Of the 857 people who have donated at least $1,000 to the party in the last several years, the average first gift date is 2005. Our other supporters, though giving less in aggregate, similarly have long-lasting loyalty and give through a mix of our different giving avenues.

To build and sustain these life-long partnerships, we must carry out clear and systematic prospecting, asking, and stewardship strategies. Our prospecting will use generated leads, list trades, and research on issue segmenting and upgrade potential from existing donors to identify direct mail donors and major donor prospects (high giving potential and capacity), thereby minimizing cold calling. Our asking will be both pleasantly persistent in getting calls and meetings with our target prospects, and rely on compelling, authentic, memorable, and prepared pitches drawing on the donor's interests to sell the vision, mission, impact, and plans of what we do. Our stewardship must be thoughtful, interactive, and proactive, tailored as appropriate for the particular donor. The scope of stewardship will depend on gift size, but all donors should be thanked and feel engaged and appreciated.

Multiple people, including non-development staff, can and should participate in each step, but a development staffer will be given ultimate ownership over the qualification and stewardship steps. Bottleneck potential is thereby minimized in this "moves management" system.

Prospector(s) are responsible for our number of new meetings and number of new donors.
metrics. Asker(s) are responsible for our number of asks and number of update meetings metrics. Stewardship staff are responsible for our retention and average gift growth metrics. All together are responsible for total number of donors and total revenue raised metrics.

For direct mail and membership revenue in particular, we must carefully balance revenues, acquisition and house file costs, staff time, renewal rates, and upgrade initiatives. We should strive to meet or exceed industry averages of 1% acquisition response rate, 50% first-year renewal rates, and 70% subsequent year renewal rates.

**Initiatives:**

- **Issues Segmenting Information** (new): Methods of soliciting information about key issue interest areas from our members and donors, including on the membership form.
- **Open New FEC Accounts** (new): Determine balance of FEC reporting and giving options.
- **Prospecting Master List** (revamp): A system of generating leads and researching them for qualification for major gift asks.
- **Construct Asking Pipeline** (revamp): A system of calling and meeting, including travel costs, to request support that anticipates engagement of multiple askers.
- **Overhaul of Stewardship Strategy** (revamp): Defined checklist and schedule of touches for various giving levels. Assess existing stewardship products such as newsletters, and add new ones such as an Annual Pledge Pin, periodic stickers, and donor touches.
- **Direct Mail Strategy Assessment** (revamp): Periodic evaluation of direct mail strategy to ensure proper balance of revenues, costs, staff time, and renewal rates.
- **Digital Giving Strategy Assessment** (revamp): Refining our strategy and calendar for email and website solicitations, using target issues information.
- **Donor Event Strategy Assessment** (new): Developing a checklist and proactive strategy for donor events.
- **Create Party Strategic Plan and Prospectus Sheets for Major Projects** (expand): These marketing documents that recite our goals and metrics will assist in concise and accurate messaging about the priorities for which we are seeking financial support.

**Potential Metrics (draft, subject to change):**

- $ raised
- % renewal rate
- # and $ from FEC max donors
- # and $ from $10,000 and up
- # and $ from $1,000 and up
- Direct mail revenue, acquisition costs, house file costs, staff time, and renewal rates
- % of stewardship/thank you to do list complete
- % of large donors who receive a monthly touch
- % of donors with affinity issue information
- $ convention net revenue
- % of donors thanked within 48 hours
- % of LNC who are current donors
Activism & Membership

**Goal:** Support and engage a growing membership to achieve results.

Libertarian Party membership stands at just over 20,000 nationwide. This represents a recent high for membership in line with a clear four-year cycle surrounding the presidential election (see chart), but short of the all-time high 33,017 (December 1999). The membership number is a tiny fraction of the number of registered Libertarians (609,234 in 31 states + DC, double ten years ago), Libertarian votes for U.S. House (1.6 million in 2016, an all-time high), Libertarian votes for President in 2016 (4,489,341), or various estimates of the number of libertarians in the United States (between 23 million and 72 million, depending on survey wording).

Membership is not an end in itself. While the LP is built upon a paid membership, our activities must go beyond membership services to reaching non-member libertarians, persuading voters, and winning elections. New members include future donors, future candidates, future activists from all walks, and future party leaders, and our engagement with each must be differentiated. Those who choose to be activists should be provided with the tools and engagement opportunities that enable them to achieve impact.

**Initiatives:**
- **Activist of the Month** (new): Celebrating an activist each month who had extraordinary impact, going above and beyond. Recognizes achievements at the grassroots level and encourages others to follow the lead.
- **Affiliate in a Box** (new): A ready-to-use kit of best practices and successful ideas for state and local Libertarian leaders, minimizing wheel-reinventing they must do.
- **Affinity Groups** (revamped): Surveying new and existing members for areas of focus or interest, to enable better targeting for coalitions, issue activities, and fundraising. Examples include Libertarian Youth, Libertarian Moms & Dads, Libertarian Veterans, Libertarian Business Owners, and specific policy issues.
- **Lobbying Days & Protest Days** (new): Tools to assist activists in organizing lobbying and protest days on key issues to draw attention and pressure policymakers, including coordinated national days of action (and participating in others’ action days).
- **Membership Levels** (existing, revamp): Incentivize giving at more than the $25 basic national membership level, such as with monthly pledge programs, benefits with higher

Marketing & Media

Goal: Convey the LP as impactful and growing, the best option, and worthy of your support.

As he helped found the Libertarian Party in 1971, David Nolan wrote in *The Case For A Libertarian Political Party* that the party could enable seven things: (1) take advantage of free publicity afforded to candidates for public office to spread libertarian ideas to the public; (2) use the political process to identify new supporters and enlist them into the libertarian movement; (3) through vote totals, estimate the interest in libertarian ideas; (4) provide a permanent focal point for activists, as opposed to one-shot projects; (5) unite libertarians on the left and right of the political spectrum; (6) pressure politicians to adopt libertarian positions; and (7) elect Libertarians.

To this day, spreading libertarian ideas beyond our echo chamber, and building a Libertarian constituency, remains a key goal. Our candidates frequently have opportunities to speak with new audiences about our principles, platform, and policy positions. Many Americans are unhappy with the choices offered by the two other parties, and this opportunity gives our candidates the ability to connect with them on our innovative ideas and our values of personal empowerment, rights, freedom, innovation, privacy, justice, peace, persuasion, voluntary cooperation, and competition, and talk with them (not at them) about our answers to the major public policy issues of the day that affect them.

Our marketing efforts face the challenge of countering the narrative framed by our opponents: essentially, that Libertarians are not empathetic, not in line with where Americans want to go, and not capable of winning. We also face tribalism and partisanship, media not disposed to cover us, and sufficient resources in a competitive and noisy environment. We must be highly innovative and strategic to be heard. To do this, we should aim to reach people we don’t traditionally reach, with messages framed on positive forward thinking, connecting with individuals on their terms, and finding common ground as a first step to persuasion.

The best way for us to do this is by embracing the decentralized nature of our party, and relying on our candidates, affiliates, and activists to speak to audiences in ways they know best. The national party has a role in identifying media opportunities and providing talking points that can be used, developing relationships with editors and producers and connecting them with our spokespeople, and providing training and general libertarian promotion. The ROI of our marketing efforts may be difficult to measure, but we must monitor the effectiveness however we can and use that data to reinforce success where we find it.

Initiatives:

- **Media Training** (new): Providing “certifications” to those who undergo specially provided training to be persuasive spokespeople.
- **Coalitions Strategy** (revamp): Evaluating our current methods of connecting with organizations in the broader libertarian movement, to improve communication,

- LP Newsletters Strategy (LP News, Pledge Newsletter, Lifetime Newsletter, Chair’s Newsletter) (revamp): Evaluate the benefits and costs of our various regular print publications, making improvements or changes as necessary to maximize impact.
- LP Store Assessment (revamp): Actions to combine items people want, items that raise money, and items that boost LP brand, while balancing staff and financial costs
- LPTV/Video Assessment (revamp): Evaluate the benefits and costs of our various video enterprises, making improvements or changes as necessary to maximize impact.
- Social Media Strategy (revamp): Define audience/goals of our social media footprint.
- Marketing Materials on Issues (revamp): Talking points, up-to-date information, and examples on key topics made available for candidates for their campaign issues.
- LP General Promotion/Branding (revamp): Promotion of platform planks and related messaging, including op-eds or press releases, designed to result in earned media, supplemented if possible by strategic ad buys. Graphics should use common branding.
- Small Business Initiative (re-launch): Messaging targeted at the small business community to boost fundraising, membership, and votes from a natural constituency.
- Staffing/Contractor Assessment (revamp): Constructing a staff structure.

Potential Metrics (draft, subject to change):

Budget & Operations

**Goal:** Deliver infrastructure and operating practices that seamlessly support our activities.

The national Libertarian Party has in the past decade built up a professional staff to lead critical functions, shifting away from an all-volunteer model. This transition, while vital, has led to growing pains as our growth outstripped some of our infrastructure and practices. In addition to evaluating our current practices for optimization, we can also work towards a staff structure and set of policies that anticipate future needs, salaries and benefits that allow us to recruit and retain our best, and automating or contracting out functions where it makes sense.

The prudent financial management of the 2018-20 LNC, which closed a six-digit structural budget gap, should continue along with matching costs of new initiatives with donor support.

**Initiatives:**

- **Strategic Planning Process & Staff Optimization** (new): A comprehensive process to establish roles, responsibilities, and expectations including measurable goals; a new organizational chart with clear lines of authority and decision rights; and exploring salary and benefits revamp.
- **Information Technology** (revamp): Move IT from committee of volunteers to coordinator or contractor, including providing a clearinghouse for volunteers to help. Pursue off-the-shelf technology where advisable.
- **Clear CRM Backlog** (ongoing): Numerous states have been seeking to join National HQ’s donor database management system, and clearing this backlog should be a top goal. Additional features to the CRM should be carefully planned out and executed within budgeted costs and timeframes.
- **HR Best Practices** (new): Address concerns about respectful conduct and lack of diversity through training and other best practices as recommended by a task force.
- **LNC Standing Committees** (new): Establish standing committees to shift workshopping from the full LNC to those committees, while also creating institutional champions for top priorities and engaging all LNC members in the work of the organization.
- **Building Needs Assessment** (ongoing): Determine needs for space and capabilities.

**Potential Metrics (draft, subject to change):**

Proposed Chair's Advisory Committees

In 2019, I proposed the establishment of new LNC standing committees for each of our priority areas, to substitute for or expand several existing committees. The goal was to reflect the best practices of most successful boards, to provide specialization, focus, and institutional champions rather than everyone generally responsible for everything. The structure would enable proposals to be fine-tuned and perfected by those who follow the area most closely, enabling the full LNC to vote on vetted proposals, as well as giving a clear line of sight for staff as they carry out their duties.

While there was strong interest in the idea, it was not enough to come up for a vote. Consequently, I propose establishing a revised version of the committees as Chair’s Advisory Committees, to assist and advise me in working with staff to formulate goals, monitor progress, and assist in execution. If this proof of concept is successful, the LNC may if it chooses make the structure permanent as standing committees.

Committees shall consist of LNC members (including alternates), and outside members as selected by the LNC, with each LNC member (including alternate) who chooses to participate being on at least one and no more than two committees. The LNC Chair shall solicit each LNC member’s ranked preference for committee choices and present a list of assignments to the LNC for its consideration, modification, and approval. Each committee shall elect a chair and a vice chair from its members at its first meeting. The LNC Chair and LNC Vice Chair shall be ex officio non-voting members of all five committees. Committee chairs have full voting privileges. Each committee shall meet regularly, monthly if practicable, by phone, web conference, or in-person.

Bylaws of the Libertarian Party

ARTICLE 1: NAME

These articles shall govern the association known as the "Libertarian Party," hereinafter referred to as the "Party."

ARTICLE 2: PURPOSES

The Party is organized to implement and give voice to the principles embodied in the Statement of Principles by:
1. functioning as a libertarian political entity separate and distinct from all other political parties or movements;
2. electing Libertarians to public office to move public policy in a libertarian direction;
3. chartering affiliate parties throughout the United States and promoting their growth and activities;
4. nominating candidates for President and Vice-President of the United States, and supporting Party and affiliate party candidates for political office; and
5. entering into public information activities.

ARTICLE 3: STATEMENT OF PRINCIPLES AND PLATFORM

1. The Statement of Principles affirms that philosophy upon which the Libertarian Party is founded, by which it shall be sustained, and through which liberty shall prevail. The enduring importance of the Statement of Principles requires that it may be amended only by a vote of 7/8 of all registered delegates at a Regular Convention.
2. The Party Platform shall include, but not be limited to, the Statement of Principles and the implementation of those principles in the form of planks.
3. The current Platform shall serve as the basis of all future platforms. The existing Platform may be amended only at a Regular Convention. A platform plank may be deleted by majority vote. New planks or amendments to existing planks require a 2/3 vote.

ARTICLE 4: MEMBERSHIP

1. Members of the Party shall be those persons who have certified in writing that they oppose the initiation of force to achieve political or social goals.
2. The National Committee may offer life memberships, and must honor all prior and future life memberships.
3. The National Committee may create other levels of membership and shall determine the contribution or dues levels for such memberships.
4. "Sustaining members" are members of the Party who:
   a. During the prior twelve 12 months have donated, or have had donated on their behalf, an amount of at least $25; or
   b. Are life members.

ARTICLE 5: AFFILIATE PARTIES

1. No person, group, or organization may use the name "Libertarian Party" or any confusingly similar designation except the Party or an organization to which the Party grants affiliate party status or as otherwise provided in these bylaws.
2. The National Committee shall charter state-level affiliate parties from any qualifying organization requesting such status in each state, territory, and the District of Columbia (hereinafter, state). Organizations which wish to become state-level affiliate parties shall apply for such status on a standard petition form as adopted by the National Committee, which petition shall be signed by no fewer than ten members of the Party residing in the appropriate state. Affiliate party status
shall be granted only to those organizations which adopt the Statement of Principles and file a copy of their constitution and/or bylaws with the Party Secretary.

3. There shall be no more than one state-level affiliate party in any one state. Each state-level affiliate party shall, in accordance with its own bylaws and these bylaws, determine who shall be its delegates to all regular conventions. A state-level affiliate party may charter sub-affiliate parties within the state, which will entitle such sub-affiliates to use the name "Libertarian Party."

4. No affiliate party shall endorse any candidate who is a member of another party for public office in any partisan election. No affiliate party shall take any action inconsistent with the Statement of Principles or these bylaws.

5. The autonomy of the affiliate and sub-affiliate parties shall not be abridged by the National Committee or any other committee of the Party, except as provided by these bylaws.

6. The National Committee shall have the power to revoke the status of any affiliate party, for cause, by a vote of 3/4 of the entire National Committee. A motion to revoke the status of an affiliate party for cause must specify the nature of the cause for revocation. The affiliate party may challenge the revocation of its status by written appeal to the Judicial Committee within 30 days of receipt of notice of such revocation. Failure to appeal within 30 days shall confirm the revocation and bar any later challenge or appeal. The National Committee shall not revoke the status of any affiliate party within six months prior to a regular convention. The Judicial Committee shall set a date for hearing the appeal within 20 to 40 days of receipt of the appeal and shall notify all interested persons, which persons shall have the right to appear and submit evidence and argument. At the hearing the burden of persuasion shall rest upon the appellant. The Judicial Committee shall either affirm the National Committee's revocation of affiliate party status or order reinstatement of the affiliate party. The Judicial Committee shall issue its ruling within 30 days of the hearing and in no case later than 90 days prior to a regular convention. Failure of the Judicial Committee to rule within 30 days shall constitute an affirmation of the National Committee's revocation of affiliate party status except when the last day of the 30 day period falls within 90 days prior to a regular convention, in which case the Judicial Committee's non-action shall result in reinstatement of affiliate party status.

ARTICLE 8: OFFICERS

   o Chair,
   o Vice-Chair,
   o Secretary, and
   o Treasurer.

All of these offices shall be elected by a regular convention of the Party, shall take office immediately upon the close of the convention and shall serve thereafter until the final adjournment of the next regular convention. 4. The Vice-Chair shall be the chief assistant to the Chair, performing such duties as the Chair shall prescribe, and holding such executive powers as the Chair shall delegate and shall perform the duties of the Chair in the event that the Chair is, for any reason, unable to perform the duties of the office.

The Treasurer is responsible for oversight of all financial functions, including, but not limited to, receipts, disbursements, internal and external reporting. The Treasurer shall report to the National Committee and the Convention both the financial situation of the Party and the results of its activities. The report of the Treasurer to the Convention, specified in Convention Rule 1 agenda item 4, shall include an independent auditor's report opining whether the financial statements present fairly, in all material respects, the financial position of the Party and the changes in its net assets and its cash flow for the years then ended, in conformity with accounting principles generally accepted in the United States of America. Unaudited interim financial statements shall also be presented. Such reports shall be made available to every delegate.

7. The National Committee may, for cause, suspend any officer by a vote of 2/3 of the entire National Committee, excepting the officer that is the subject of the vote who may not participate in that vote. The suspended officer may challenge the suspension by an appeal in writing to the Judicial Committee within seven days of receipt of notice of suspension. The Judicial Committee shall set a date for hearing the appeal between 20 and 40 days of receipt of the appeal and shall notify all interested persons, which persons shall have the right to appear and present evidence and argument. At the hearing the burden of persuasion shall rest upon the appellant. The Judicial Committee shall either affirm the National Committee’s suspension of the officer or order the officer’s reinstatement within 30 days of the hearing. Failure of the Judicial Committee to rule within 30 days shall constitute an affirmation of the National Committee’s suspension of the officer. At such time as the suspension is final, the office in question shall be deemed vacant.

8. The National Committee shall appoint new officers if vacancies occur, such officers to complete the term of the office vacated.

ARTICLE 7: NATIONAL COMMITTEE

1. The National Committee shall have control and management of all the affairs, properties, and funds of the Party consistent with these Bylaws. The Libertarian National Committee shall establish and oversee an organizational structure to implement the purposes of the Party as stated in Article 2. The National Committee may, for cause, suspend any member-at-large by a vote of 2/3 of the entire National Committee, excepting the member that is the subject of the vote who may not participate in that vote. The suspended member-at-large may challenge the suspension by an appeal in writing to the Judicial Committee within seven days of receipt of notice of suspension. The Judicial Committee shall set a date for hearing the appeal between 20 and 40 days of receipt of the appeal and shall notify all interested persons, which persons shall have the right to appear and present evidence and argument. At the hearing the burden of persuasion shall rest upon the appellant. The Judicial Committee shall either affirm the National Committee’s suspension of the member-at-large or order reinstatement of the member-at-large within 30 days of the hearing. Failure of the Judicial Committee to rule within 30 days shall constitute an affirmation of the National Committee’s suspension of the member-at-large. At such times as the suspension is final, the office in question shall be deemed vacant.

6. A National Committee member who fails to attend two consecutive regular sessions of the National Committee shall be deemed to have vacated his or her seat. The appointing body shall be free to reappoint the member who vacated the seat.

9. The National Committee shall meet at such times and places as may be determined by: action of the Committee, call of the Chair, or written request of 1/3 or more of its members.

10. A majority of the membership of the National Committee shall constitute a quorum for the transaction of business at all meetings.

11. The National Committee may adopt public policy resolutions by a 3/4 vote with previous notice or by unanimous consent without previous notice.

12. Upon appeal by ten percent of the delegates credentialed at the most recent Regular Convention or one percent of the Party sustaining members the Judicial Committee shall consider the question of whether or not a decision of the National Committee contravenes specified sections of the Bylaws. If the decision is vetoed by the Judicial Committee, it shall be declared null and void.

13. The National Committee shall use roll call voting on all substantive motions. Additionally, the National Committee must have a roll call vote upon request of any single Committee member present on any motion. On all roll call votes, the vote of each individual Committee member shall be recorded in the minutes.

   b. Tokens shall only be issued to delegates. Delegates are responsible for transferring possession of unused tokens to their alternates if necessary.
   c. Each delegate may cast each token as a recommendation for deletion of one plank by noting on the token the plank to be deleted and signing the token.
   d. A delegate may cumulate recommendations by casting any number of tokens for deletion of the same plank.
   e. Delegates will be given until one hour prior to the scheduled start of the platform report to mark their tokens and deliver them to the Secretary.
   f. Prior to the scheduled start of the platform report, the Secretary shall review the tokens received and tabulate and report the tokens submitted for deletion of each plank.
   g. As its first item of platform business, the convention shall vote whether to delete each of those planks that received a number of tokens for deletion equal to 20% or more of the number of credentialed delegates. Such votes shall be cast without amendment or debate.

2. The Platform Committee shall meet before each regular convention and prepare a report containing its recommendations. At the convention, the Platform Committee’s recommendations shall be reported to the floor and debated and voted upon separately. The Platform Committee shall set forth the order in which each recommendation shall be considered.

3. Recommendations for which there is no minority report shall be debated and voted upon in the following manner:
   a. The Platform Committee Chair, or some other person designated by him or her, shall read the proposed recommendation and shall have up to two minutes to explain the recommendation.
   b. The Convention Chair shall then open the recommendation to debate without amendment for a period of up to 15 minutes before bringing the matter to a vote. If the recommendation fails, the Convention Chair shall inquire if any amendments are proposed from the floor. If there are such proposals, the Convention Chair shall request a vote on whether to consider amendments, and with majority approval may consider amendments for a period of up to 10 minutes.

4. Recommendations for which there is a minority report shall be debated and voted upon in the following manner:
   a. Spokespersons for both the majority and minority positions shall each have two minutes to present their views.
   b. The Chair shall then open consideration of both positions for five minutes during which time any delegates may express their views without offering amendments. After five minutes, there will be a vote on which of the two reports shall be considered for purposes of adopting a recommendation. The report receiving the greater number of votes shall then be discussed and voted upon in the manner described in Section 3b.

5. After all committee recommendations have received initial consideration, any delegate may propose amendments to the platform. The delegate may take up to two minutes to state and explain the proposal, with debating and voting to proceed as described in Section 3b.

6. Finally, if time permits, proposals which were considered by the Platform Committee but which received an unfavorable vote from a majority of the committee, may be considered, with a spokesperson for the minority position giving the reasons in favor and the Platform Committee Chair or other representative of the majority position giving the reasons why it was voted down, before the proposal is taken to the floor for debate.

7. Challenges of adopted Party planks believed by 10% of the delegates to be in conflict with the Statement of Principles shall be referred in writing, during the convention, to the Judicial Committee by the delegates requesting action for consideration. The challenge shall specify in what manner the plank is believed to be in conflict. The Judicial Committee shall consider the challenge, decide whether the Statement of Principles is conformed to and report their findings.
and reasons to the convention. If the plank is vetoed by the Judicial Committee, it will be declared null and void but can be reinstated by a 3/4 vote of the convention.

8. Should changes to the bylaws or platform result in a grammatical error in accordance with the latest edition of the Chicago Manual of Style, the **LNC National Committee** presiding at the time of that discovery is authorized to make those grammatical corrections provided it does not change the meaning or intent of the item edited.

**RULE 6: RESOLUTIONS**

1. Resolutions must be approved by a 2/3 vote.

2. Resolutions must not be in conflict with the Statement of Principles. Challenges of such adopted resolutions believed by 10% of the delegates to be in conflict with the Statement of Principles shall be referred in writing, during the convention, to the Judicial Committee by the delegates requesting action for consideration. The challenge shall specify in what manner the resolution is believed to be in conflict. The Judicial Committee shall consider the challenge, decide whether the Statement of Principles is conformed to, and report their findings and reasons to the convention. If the resolution is vetoed by the Judicial Committee, it will be declared null and void but can be reinstated by a 3/4 vote of the convention.

**RULE 7: NOMINATION OF PRESIDENTIAL AND VICE-PRESIDENTIAL CANDIDATES**

1. No person shall be nominated for President or Vice-President unless at least 30 registered delegates join in the nomination in writing submitted to the Secretary, and the nominee has submitted to the Secretary evidence of sustaining membership and a statement of willingness to accept the nomination. No delegate may join in nominating more than one candidate for each office. The affixing of signatures to a nominating petition per this requirement shall be effected by a transfer of signature tokens issued by the Credentials Committee.

2. The Party's nominee for President shall be chosen by majority vote. If no candidate has attained a majority, the candidate with the fewest votes and any candidates polling less than 5% shall be struck from subsequent ballots. This procedure shall be repeated after every ballot in which no candidate has received a majority vote, until one candidate attains a majority.

3. Each delegation shall tabulate its total vote, and the **delegation chair** shall deliver a written total to the Secretary. When all the delegations have submitted their votes, the Secretary shall declare the voting closed. Following the first presidential ballot, an announcement of each delegation's vote total shall be made by **delegation chairs** in alphabetical order beginning with a randomly selected delegation. For all ballots, the Secretary shall then display the results.

4. The Party's nominee for Vice-President shall be chosen by the same procedure as for the Presidential nominee except that the Presidential nominee shall have the privilege of addressing the convention for 5 minutes, after nominations have been made but before voting has begun, for the purpose of endorsing or objecting to any of the Vice-Presidential nominees. Nominations for Vice-President shall close after selection of the Presidential nominee.

5. Nominating and seconding speeches for each candidate shall be limited in duration as follows:
   a. President: Total of 16 minutes;
   b. Vice-President: Total of 11 minutes.

   A delegate who collects the required number of nominating tokens so designated may speak up to 5 minutes in favor of voting for None of the Above.

**RULE 8: ELECTION OF OFFICERS AND NATIONAL COMMITTEE**

1. Nominations for Party **officers** shall be from the floor. The election shall be conducted in the following manner:
   a. For each office, a majority vote will be necessary for election.
b. Each delegation shall tabulate its total vote, and the delegation chair shall deliver a written total to the Secretary. When all delegations have submitted their votes, the Secretary shall declare the voting closed.

c. In cases where no candidate receives a majority, runoff votes will be held, dropping the candidate with the fewest votes after each ballot.

2. Nominations for the at-large members of the National Committee shall be from the floor. The election shall be conducted in the following manner:

   a. Each delegate may cast a ballot with a vote for either none-of-the-above or one vote per candidate for any number of candidates. Every ballot with a vote for none-of-the-above or one or more candidates is counted as one ballot cast. A vote for none-of-the-above shall be ignored if the ballot also includes a vote for any other candidate.

   b. Each delegation shall tabulate its total vote, and the delegation chair shall deliver a written total to the Secretary, along with the ballots cast.

   c. When all delegations have submitted their votes, the Chair shall declare the voting closed. The top five candidates receiving a majority vote of the ballots cast shall be elected. Tie votes affecting the outcome shall be decided by lot.

3. No person shall be nominated unless at least 15 registered delegates join in the nomination submitted to the Secretary, and the nominee has submitted to the Secretary evidence of the required level of membership and a statement of willingness to accept the nomination. No delegate may join in nominating more than one candidate per seat. Nominating speeches shall be limited in duration as follows:

   a. Chair: Total of 10 minutes;

   b. All others: Total of 5 minutes.

4. In the event a region has not otherwise provided for the election of its National Committee representation then the delegates from the region shall elect its regional representative and alternate, provided there are at least five delegates present. Each Region's delegates may elect their representative and alternate in whatever manner they choose, provided all delegates present from that region are given equal voice in the selection.

RULE 9: ELECTION OF JUDICIAL COMMITTEE

Nominations and elections for members of the Judicial Committee shall be conducted in the same manner as specified for at-large members of the National Committee.

RULE 10: VERIFICATION OF DELEGATION VOTE TOTALS

For each vote in which subtotals are submitted by delegation, each delegation shall conduct its vote by written ballot. After each delegation has tabulated its own vote totals, before submitting the totals to the Secretary, tellers approved by the Secretary shall review the ballot tabulation for accuracy and cosign the delegation totals.

After the Secretary has recorded all delegation submissions, the state-by-state delegation totals for each candidate or choice shall be displayed on a projection screen for each delegation to review for accuracy.
Judicial Committee Rules of Appellate Procedure

As Amended 2016

1. The Judicial Committee shall take action only when its Chair receives a written request for a ruling on a matter identified in the Party’s Bylaws as being within the Committee’s jurisdiction (“petition”). Such petition(s) shall identify: (a) the basis for the subject matter jurisdiction of the Committee; (b) the ruling requested; (c) the verifiable identity of the person or persons, affiliate or Party committee petitioning for the requested ruling (“petitioner(s)”; and (d) the identity by individual name of any person who or affiliate or Party committee that would be directly affected by the requested ruling. Such a person, affiliate or committee directly affected by the requested ruling, together with any other person, affiliate or committee identified by the Chair in his or her discretion as likely to be so affected, will be considered a prospective “respondent”. The petition(s) should be supported by such written and other evidence as the petitioner(s) believes supports the grant of the ruling requested.

2. Within seven days following receipt of such petition(s) (or promptly, if the request is received during a National Convention), the Committee Chair shall provide a copy of the petition(s) to each prospective respondent, along with any supporting material the Chair has been sent, and notice that if the prospective respondent(s) desires to respond to the petition(s) the prospective respondent(s) must do so in writing within seven days (or promptly, if the request is received during a National Convention) (“response”).

3. If the Committee is called into action during a National Convention, the Chair shall convene the Committee as soon as is reasonably possible, and the Committee shall consider written petition(s), response(s), and evidence provided by petitioner(s) and respondent(s) in a meeting open to Convention delegates, who may observe, but not participate in, the proceedings. Upon request of either petitioner(s) or respondent(s), and/or at the Committee’s direction, the Committee may hear arguments from petitioner(s) and respondent(s) in person.

4. When such petition(s) is received at any time other than during a National Convention, the Chair shall contact and advise the other Committee members by phone at their last known number (where possible), or by electronic mail for which the member(s) acknowledge receipt, within seven days of receiving the request. Within ten days after providing a copy of the petition(s) to the prospective respondent(s), the Chair shall forward a copy of the petition(s) and any response(s) received to each of the other Committee members at their last known electronic mail address (or postal mail address, if explicitly requested), along with any supporting material and counter-arguments he or she has been sent. A copy of the petition(s) and any response(s) shall be made available electronically to any sustaining member upon request. The Committee may by a majority vote redact portions of the petition(s) and response(s) so made available.

5. When such petition(s) is received at any time other than during a National Convention, the Committee members shall review all material they are sent within seven days of receiving it, and each member shall advise the Chair as soon as he or she has done so.

6. After the Chair has been advised by at least two other Committee members that they have reviewed the materials provided, he or she shall set a time for a meeting of the Committee to decide the matter at hand and notify the Committee in writing of such time. Unless all of the
Committee members request a physical gathering, the meeting shall take place by telephone conference or videoconference. Any meeting shall be open to sustaining members, who may observe (but not participate in) the proceedings. The Committee may by a 2/3 vote deliberate in open session; otherwise, deliberations shall be in executive session. However, any oral arguments shall be in open session and any decision shall be rendered in writing, which written decision shall be public. The Committee may in its discretion offer to the petitioner(s) and respondent(s) an equal opportunity to make their arguments orally via a telephone conference, videoconference, or physical meeting, under such rules as the Committee shall specify. Members who are unable to participate in the meeting shall retain the right to vote by electronic mail or by phone, provided their vote is received by the Chair no later than 10 days after the meeting.

7. When the Committee reaches a decision, the Chair shall notify the petitioner(s) who requested the ruling, any respondent(s) to the petition(s), the National Chair and the National Secretary. Preliminary notification may be made orally, either in person or by telephone; official notification shall be made in writing, as soon as all participating Committee members have voted on the matter in question or 10 days after the meeting, if all members have not voted.

8. Petitions, responses, supporting materials and notifications required to be provided in writing in connection with any proceeding may be delivered personally, or by United States mail, private overnight delivery service, fax or electronic mail.

PREAMBLE

As Libertarians, we seek a world of liberty: a world in which all individuals are sovereign over their own lives and are not forced to sacrifice their values for the benefit of others.

We believe that respect for individual rights is the essential precondition for a free and prosperous world, that force and fraud must be banished from human relationships, and that only through freedom can peace and prosperity be realized.

Consequently, we defend each person’s right to engage in any activity that is peaceful and honest, and welcome the diversity that freedom brings. The world we seek to build is one where individuals are free to follow their own dreams in their own ways, without interference from government or any authoritarian power.

In the following pages we set forth our basic principles and enumerate various policy stands derived from those principles.

These specific policies are not our goal, however. Our goal is nothing more nor less than a world set free in our lifetime, and it is to this end that we take these stands.

STATEMENT OF PRINCIPLES

We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant to government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual: namely, (1) the right to life — accordingly we support the prohibition of the initiation of physical force against others; (2) the right to liberty of speech and action — accordingly we oppose all attempts by government to abridge the freedom of speech and press, as well as government censorship in any form; and (3) the right to property — accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

Since governments, when instituted, must not violate individual rights, we oppose all interference by government in the areas of voluntary and contractual relations among individuals. People should not be forced to sacrifice their lives and property for the benefit of others. They should be left free
by government to deal with one another as free traders; and the resultant economic system, the only one compatible with the protection of individual rights, is the free market.

1.0 PERSONAL LIBERTY

Individuals are inherently free to make choices for themselves and must accept responsibility for the consequences of the choices they make. Our support of an individual’s right to make choices in life does not mean that we necessarily approve or disapprove of those choices. No individual, group, or government may rightly initiate force against any other individual, group, or government. Libertarians reject the notion that groups have inherent rights. We support the rights of the smallest minority, the individual.

1.1 Self-Ownership

Individuals own their bodies and have rights over them that other individuals, groups, and governments may not violate. Individuals have the freedom and responsibility to decide what they knowingly and voluntarily consume, and what risks they accept to their own health, finances, safety, or life.

1.2 Expression and Communication

We support full freedom of expression and oppose government censorship, regulation, or control of communications media and technology. We favor the freedom to engage in or abstain from any religious activities that do not violate the rights of others. We oppose government actions which either aid or attack any religion.

1.3 Privacy

Libertarians advocate individual privacy and government transparency. We are committed to ending government’s practice of spying on everyone. We support the rights recognized by the Fourth Amendment to be secure in our persons, homes, property, and communications. Protection from unreasonable search and seizure should include records held by third parties, such as email, medical, and library records.

1.4 Personal Relationships

Sexual orientation, preference, gender, or gender identity should have no impact on the government’s treatment of individuals, such as in current marriage, child custody, adoption, immigration, or military service laws. Government does not have the authority to define, promote, license, or restrict personal relationships, regardless of the number of participants. Consenting adults should be free to choose their own sexual practices and personal relationships. Until such time as the government stops its illegitimate practice of marriage licensing, such licenses must be granted to all consenting adults who apply.
1.5 Abortion
Recognizing that abortion is a sensitive issue and that people can hold good-faith views on all sides, we believe that government should be kept out of the matter, leaving the question to each person for their conscientious consideration.

1.6 Parental Rights
Parents, or other guardians, have the right to raise their children according to their own standards and beliefs, provided that the rights of children to be free from abuse and neglect are also protected.

1.7 Crime and Justice
Government force must be limited to the protection of the rights of individuals to life, liberty, and property, and governments must never be permitted to violate these rights. Laws should be limited in their application to violations of the rights of others through force or fraud, or to deliberate actions that place others involuntarily at significant risk of harm. Therefore, we favor the repeal of all laws creating "crimes" without victims, such as gambling, the use of drugs for medicinal or recreational purposes, and consensual transactions involving sexual services. We support restitution to the victim to the fullest degree possible at the expense of the criminal or the negligent wrongdoer. The constitutional rights of the criminally accused, including due process, a speedy trial, legal counsel, trial by jury, and the legal presumption of innocence until proven guilty, must be preserved. We assert the common-law right of juries to judge not only the facts but also the justice of the law. We oppose the prosecutorial practice of "over-charging" in criminal prosecutions so as to avoid jury trials by intimidating defendants into accepting plea bargains.

1.8 Death Penalty
We oppose the administration of the death penalty by the state.

1.9 Self-Defense
The only legitimate use of force is in defense of individual rights — life, liberty, and justly acquired property — against aggression. This right inheres in the individual, who may agree to be aided by any other individual or group. We affirm the individual right recognized by the Second Amendment to keep and bear arms, and oppose the prosecution of individuals for exercising their rights of self-defense. Private property owners should be free to establish their own conditions regarding the presence of personal defense weapons on their own property. We oppose all laws at any level of government restricting, registering, or monitoring the ownership, manufacture, or transfer of firearms or ammunition.

2.0 ECONOMIC LIBERTY
Libertarians want all members of society to have abundant opportunities to achieve economic success. A free and competitive market allocates resources in the most efficient manner. Each person has the right to offer goods and services to others on the free market. The only proper role of
government in the economic realm is to protect property rights, adjudicate disputes, and provide a legal framework in which voluntary trade is protected. All efforts by government to redistribute wealth, or to control or manage trade, are improper in a free society.

2.1 Property and Contract

As respect for property rights is fundamental to maintaining a free and prosperous society, it follows that the freedom to contract to obtain, retain, profit from, manage, or dispose of one’s property must also be upheld. Libertarians would free property owners from government restrictions on their rights to control and enjoy their property, as long as their choices do not harm or infringe on the rights of others. Eminent domain, civil asset forfeiture, governmental limits on profits, governmental production mandates, and governmental controls on prices of goods and services (including wages, rents, and interest) are abridgements of such fundamental rights. For voluntary dealings among private entities, parties should be free to choose with whom they trade and set whatever trade terms are mutually agreeable.

2.2 Environment

Competitive free markets and property rights stimulate the technological innovations and behavioral changes required to protect our environment and ecosystems. Private landowners and conservation groups have a vested interest in maintaining natural resources. Governments are unaccountable for damage done to our environment and have a terrible track record when it comes to environmental protection. Protecting the environment requires a clear definition and enforcement of individual rights and responsibilities regarding resources like land, water, air, and wildlife. Where damages can be proven and quantified in a court of law, restitution to the injured parties must be required.

2.3 Energy and Resources

While energy is needed to fuel a modern society, government should not be subsidizing any particular form of energy. We oppose all government control of energy pricing, allocation, and production.

2.4 Government Finance and Spending

All persons are entitled to keep the fruits of their labor. We call for the repeal of the income tax, the abolishment of the Internal Revenue Service, and all federal programs and services not required under the U.S. Constitution. We oppose any legal requirements forcing employers to serve as tax collectors. We support any initiative to reduce or abolish any tax, and oppose any increase on any tax for any reason. To the extent possible, we advocate that all public services be funded in a voluntary manner.

2.5 Government Debt

Government should not incur debt, which burdens future generations without their consent. We support the passage of a “Balanced Budget Amendment” to the U.S. Constitution, provided that the budget is balanced exclusively by cutting expenditures, and not by raising taxes.
2.6 Government Employees

We favor repealing any requirement that one must join or pay dues to a union as a condition of
government employment. We advocate replacing defined-benefit pensions with defined-
contribution plans, as are commonly offered in the private sector, so as not to impose debt on future
generations without their consent.

2.7 Money and Financial Markets

We favor free-market banking, with unrestricted competition among banks and depository
institutions of all types. Markets are not actually free unless fraud is vigorously combated. Those
who enjoy the possibility of profits must not impose risks of losses upon others, such as through
government guarantees or bailouts. We support ending federal student loan guarantees and special
treatment of student loan debt in bankruptcy proceedings. Individuals engaged in voluntary
exchange should be free to use as money any mutually agreeable commodity or item. We support a
halt to inflationary monetary policies and unconstitutional legal tender laws.

2.8 Marketplace Freedom

Libertarians support free markets. We defend the right of individuals to form corporations,
cooperatives, and other types of entities based on voluntary association. We oppose all forms of
government subsidies and bailouts to business, labor, or any other special interest. Government
should not compete with private enterprise.

2.9 Licensing

Libertarians support the right of every person to earn an honest and peaceful living through the free
and voluntary exchange of goods and services. Accordingly, we oppose occupational and other
licensing laws that infringe on this right or treat it as a state-granted privilege. We encourage
certifications by voluntary associations of professionals.

2.10 Sex Work

The Libertarian Party supports the decriminalization of prostitution. We assert the right of
consenting adults to provide sexual services to clients for compensation, and the right of clients to
purchase sexual services from consenting sex workers.

2.11 Labor Markets

Employment and compensation agreements between private employers and employees are outside
the scope of government, and these contracts should not be encumbered by government-mandated
benefits or social engineering. We support the right of private employers and employees to choose
whether or not to bargain with each other through a labor union. Bargaining should be free of
government interference, such as compulsory arbitration or imposing an obligation to bargain.

2.12 Education
Education is best provided by the free market, achieving greater quality, accountability, and efficiency with more diversity of choice. Recognizing that the education of children is a parental responsibility, we would restore authority to parents to determine the education of their children, without interference from government. Parents should have control of and responsibility for all funds expended for their children’s education.

2.13 Health Care

We favor a free market health care system. We recognize the freedom of individuals to determine the level of health insurance they want (if any), the level of health care they want, the care providers they want, the medicines and treatments they will use, and all other aspects of their medical care, including end-of-life decisions. People should be free to purchase health insurance across state lines.

2.14 Retirement and Income Security

Retirement planning is the responsibility of the individual, not the government. Libertarians would phase out the current government-sponsored Social Security system and transition to a private voluntary system. The proper and most effective source of help for the poor is the voluntary efforts of private groups and individuals. We believe members of society will become even more charitable and civil society will be strengthened as government reduces its activity in this realm.

3.0 SECURING LIBERTY

The protection of individual rights is the only proper purpose of government. Government is constitutionally limited so as to prevent the infringement of individual rights by the government itself. The principle of non-initiation of force should guide the relationships between governments.

3.1 National Defense

We support the maintenance of a sufficient military to defend the United States against aggression. The United States should both avoid entangling alliances and abandon its attempts to act as policeman for the world. We oppose any form of compulsory national service.

3.2 Internal Security and Individual Rights

The defense of the country requires that we have adequate intelligence to detect and to counter threats to domestic security. This requirement must not take priority over maintaining the civil liberties of our citizens. The Constitution and Bill of Rights shall not be suspended even during time of war. Intelligence agencies that legitimately seek to preserve the security of the nation must be subject to oversight and transparency. We oppose the government’s use of secret classifications to keep from the public information that it should have, especially that which shows that the government has violated the law. We oppose the use of torture and other cruel and unusual punishments, without exception.

3.3 International Affairs
American foreign policy should seek an America at peace with the world. Our foreign policy should emphasize defense against attack from abroad and enhance the likelihood of peace by avoiding foreign entanglements. We would end the current U.S. government policy of foreign intervention, including military and economic aid. We recognize the right of all people to resist tyranny and defend themselves and their rights. We condemn the use of force, and especially the use of terrorism, against the innocent, regardless of whether such acts are committed by governments or by political or revolutionary groups.

3.4 Free Trade and Migration
We support the removal of governmental impediments to free trade. Political freedom and escape from tyranny demand that individuals not be unreasonably constrained by government in the crossing of political boundaries. Economic freedom demands the unrestricted movement of human as well as financial capital across national borders.

3.5 Rights and Discrimination
Libertarians embrace the concept that all people are born with certain inherent rights. We reject the idea that a natural right can ever impose an obligation upon others to fulfill that “right.” We condemn bigotry as irrational and repugnant. Government should neither deny nor abridge any individual’s human right based upon sex, wealth, ethnicity, creed, age, national origin, personal habits, political preference, or sexual orientation. Members of private organizations retain their rights to set whatever standards of association they deem appropriate, and individuals are free to respond with ostracism, boycotts, and other free market solutions.

3.6 Representative Government
We support election systems that are more representative of the electorate at the federal, state, and local levels. As private voluntary groups, political parties should be free to establish their own rules for nomination procedures, primaries, and conventions. We call for an end to any tax-financed subsidies to candidates or parties and the repeal of all laws which restrict voluntary financing of election campaigns. We oppose laws that effectively exclude alternative candidates and parties, deny ballot access, gerrymander districts, or deny the voters their right to consider all legitimate alternatives. We advocate initiative, referendum, recall, and repeal when used as popular checks on government.

3.7 Self-Determination
Whenever any form of government becomes destructive of individual liberty, it is the right of the people to alter or to abolish it, and to agree to such new governance as to them shall seem most likely to protect their liberty.

4.0 OMISSIONS
Our silence about any other particular government law, regulation, ordinance, directive, edict, control, regulatory agency, activity, or machination should not be construed to imply approval.
ENDNOTES

1 Other terms defined in the bylaws may also be included in this document.

3 Normally, alternates may only fill vacancies, not absences. However, Bylaw Article 7.1 authorizes the LNC to delegate its authority to others, otherwise only members could participate in meetings. In the absence of this rule, the only role for alternates would be voting in mail ballots, in accordance with Bylaw Article 13.

4 In the absence of this rule, RONR p. 459 RONR (12th ed.) 47:33 states that the Secretary would be responsible for preparing “prior to each meeting an order of business for the use of the presiding officer, showing in their exact order, under the correct headings, all matters known in advance that are due to come up and— if applicable— the times for which they are set.”

Note: RONR p. 82 RONR (12th ed.) 8:2(2) defines session as a “meeting or series of connected meetings devoted to a single order of business, program, agenda or announced purpose, in which—when there is more than one (1) meeting—each succeeding meeting is scheduled with a view to continuing business at the point where it was left off at the previous meeting.”

5 LNC is delegating its authority in accordance with Bylaw Article 7.1, which states “The National Committee may delegate its authority in any manner it deems necessary.” In the absence of this rule, all authority would be retained by the LNC.

6 RONR pp.598-599 RONR (12th ed.) 57:19 authorizes an assembly to delegate technical changes of documents, provided they do not change the meaning. In the absence of this Rule, virtually all changes would require a vote of the LNC.

7 There are two divisions of main motions, original main motions and incidental main motions. See RONR pp.100-102 RONR (12th ed.) 5:2.

8 In the absence of this rule, the procedure for providing previous notice is as described in RONR on pp.121-124 RONR (12th ed.) 10:44, 44:10 and varies depending on whether there is more than a quarterly time interval between meetings. In the case where there is no more than a quarterly time interval between meetings, the announcement must be made at the previous meeting. In the case where more than a quarterly time interval exists between meetings, the member gives notice to the Secretary, who sends it out with the call of the meeting.

In the absence of this rule, previous notice would not require the full text of the motion or resolution, only an accurate and complete statement of purport.

Note: RONR p. 83 RONR (12th ed.) 8.2(2) defines session as a "meeting or series of connected meetings devoted to a single order of business, program, agenda or announced purpose, in which—when there is more than one (1) meeting—each succeeding meeting is scheduled with a view to continuing business at the point where it was left off at the previous meeting."

Note: A motion to adopt, amend or rescind a special rule of order requires either (a) a two-thirds (2/3) vote with previous notice, or (b) a vote of a majority of the entire membership of the Libertarian National Committee. See RONR, p. 17 lines 28-31, p. 87 line 33 - p. 88 line 5, p. 265 lines 19-23, p. 390 lines 13-15 RONR (12th ed.) 2:22, 10:45.

9 In the absence of this rule, we would follow the default of order of business as described in RONR beginning p. 353 - RONR (12th ed.) 41:5.

10 In the absence of this rule, changing the order of the agenda requires amending something previously adopted, which requires a two-thirds (2/3) vote or a majority of the entire membership of the LNC or unanimous consent. See RONR p. 373 RONR (12th ed.) 41:63.

11 In the absence of this rule, RONR requires a suspension of the rules—two-thirds (2/3) vote—to allow a nonmember to speak in debate. See RONR p. 263 footnote RONR (12th ed.) 25.9n7.

12 RONR on p. 96 RONR (12th ed.) 9:27 states "A member can be punished under disciplinary procedures if he violates the secrecy of an executive session. Anyone else permitted to be present is honor-bound not to divulge anything that occurred."

13 In the absence of this rule, the LNC could enter executive session for any reason with only a majority vote, and there would be no such content requirements for the motion to enter executive session. RONR p. 95 RONR (12th ed.) 9:24 states that "a motion to go into executive session is a question of privilege, and therefore is adopted by a majority vote."

14 This section was amended effective July 19, 2020 to comply with an amendment to the Party bylaws stating: "The LNC and all of its committees shall conduct all votes and actions in open session; executive session may only be used for discussion of personnel matters, contractual negotiations, pending or potential litigation, or political strategy requiring confidentiality."

15 In the absence of this rule, action can be taken in executive session. RONR on p. 96 RONR (12th ed.) 9:27 states, "the minutes, or record of proceedings, of an executive session must be read and acted upon only in executive session, unless that which would be reported in the minutes—that is, the action taken, as distinct from that which was said in debate — was not secret, or secrecy has been lifted by the assembly."
In the absence of this rule, a motion would be required before allowing debate. RONR p. 34 RONR (12th ed.) 4:7-4:8 "Unless the assembly has specifically authorized that a particular subject be discussed while no motion is pending, however, such a discussion can be entered into only at the sufferance of the chair or until a point of order is made…".

In the absence of this rule, this action of making public these minutes would be made in executive session. RONR on p. 96 RONR (12th ed.) 9:27 states, “the minutes, or record of proceedings, of an executive session must be read and acted upon only in executive session, unless that which would be reported in the minutes—that is, the action taken, as distinct from that which was said in debate—was not secret, or secrecy has been lifted by the assembly.”

In addition, under RONR, lifting secrecy is a regular motion requiring only a majority vote, so any requirement for a two-thirds (2/3) vote is more burdensome.

In the absence of this rule, the minutes would not reflect who was absent from an Executive Session. See RONR beginning at p. 468 RONR (12th ed.) Section 48, for the contents of minutes.

In the absence of this rule, this information may not violate the secrecy of Executive Session. RONR on p. 96 RONR (12th ed.) 9:27 states “A member can be punished under disciplinary procedures if he violates the secrecy of an executive session. Anyone else permitted to be present is honor-bound not to divulge anything that occurred.”

In the absence of this rule, lifting secrecy would require only the consent of the LNC. RONR on p. 96 RONR (12th ed.) 9:27 states, “the minutes, or record of proceedings, of an executive session must be read and acted upon only in executive session, unless that which would be reported in the minutes—that is, the action taken, as distinct from that which was said in debate—was not secret, or secrecy has been lifted by the assembly.”

In the absence of this rule, the minutes would not reflect disclosed conflicts of interest. See RONR beginning at p. 468 RONR (12th ed.) Section 48, for the contents of minutes.

RONR recommends against attempting to conduct business by electronic email, as it does not constitute a deliberative assembly and will result in many situations unprecedented in parliamentary law, and many rules and customs of parliamentary law cannot be applied. See RONR footnote on p. 1 and also p. 98 lines 14-19 RONR (12th ed.) 1:1n1 and also 9:34.

In the absence of this rule, each day’s minutes would be approved at the beginning of the next day of the session and the final day’s minutes would be approved before the final adjournment, unless the body authorizes the executive board or a committee to approve the minutes at a later time. See RONR p. 473-475 RONR (12th ed.) 48:9.

In the absence of this rule, minutes would only be accessible by members of the Executive Committee. RONR p. 460 lines 13-20 RONR (12th ed.) 47:33, states “Any member has a

	right to examine these reports and the record book(s) referred to on p. 459, lines 13-16 including the minutes of an executive session, at a reasonable time and place, but this privilege must not be abused to the annoyance of the secretary. The same principle applies to records kept by boards and committees, these being accessible to members of the boards or committees but to no others (but see p. 487, ll. 13-20). 49:18-19."

25 In the absence of this rule, each day’s minutes would be approved at the beginning of the next day of the session and the final day’s minutes would be approved before the final adjournment, unless the body authorizes the executive board or a committee to approve the minutes at a later time. See RONR p. 473-475 RONR (12th ed.) 48:9.

26 In the absence of this rule and Bylaw Article 9.2, the LNC would select the committee sizes, select the committee members, and would have the option of appointing the committee chairs. See RONR p. 492, lines 13-22 RONR (12th ed.) 50:11.

27 Bylaw Article 9.2 requires a standing Audit Committee and specifies the details noted in the “size” and “member selection” columns of this table. In the absence of this row, the non–officer LNC members would have the option of appointing the committee chair. See RONR p. 492, lines 20-22 RONR (12th ed.) 50:11.

28 In the absence of this rule, the term of office of a special committee would expire when the assigned task is completed and the committee reported back to the assembly (see RONR p. 492 lines 3-7 RONR (12th ed.) 50:10), except that in a board the special committee would expire with the body that appointed it (see RONR p. 502 lines 31-35 RONR (12th ed.) 50:30). Standing committees are appointed for a term corresponding to that of the officers, but the members of standing committees continue their duties until their successors are chosen (see RONR p. 502 lines 14-25 RONR (12th ed.) 50:29).

29 In the absence of this rule, the chair would not automatically be a member—voting or nonvoting—on any committee, unless appointed to the position. See RONR p. 456-457 RONR (12th ed.) 47:20.

30 RONR p. 1 footnote RONR (12th ed.) 1.1.n1 states: “A group that attempts to conduct the deliberative process in writing—such as by postal mail, electronic mail (e-mail), or facsimile transmission (fax)—does not constitute a deliberative assembly. When making decisions by such means, many situations unprecedented in parliamentary law will arise, and many of its rules and customs will not be applicable (see also pp. 97-99 9:30-36).

31 In the absence of this rule, without notice, the LNC can amend this with a two-thirds (2/3) vote or a majority of the entire board; or with notice, the LNC can amend with a majority vote. See RONR, p. 306 RONR (12th ed.) 35:2.7

32 LNC is delegating its authority. In the absence of this rule, such an amendment would require LNC approval.

33 LNC is delegating its authority. In the absence of this rule, such an amendment would require LNC approval.

34 LNC is delegating its authority. In the absence of this rule, such an amendment would require LNC approval.

35 In the absence of this rule, a majority vote of the LNC would be sufficient to grant an honorary life membership. Note that honorary life memberships do not confer status as a sustaining member.

37 Current bylaws-specified committees include Judicial, Bylaws and Rules, Platform, and Credential Committees.

38 This policy assigns some tasks to the Audit Committee in addition to those specified in Bylaw Article 9.2.

39 In the absence of this rule, the committee could not begin its work until all of its members were named (see RONR p. 496 lines 8–11 RONR (12th ed.) 50:13(d)).

40 The term “fixed membership” is defined in the footnote on RONR p. 403 RONR (12th ed.) 44:9(b)n1.

41 Note that the D.C. corporation code requires board approval to open a bank account.

42 Bylaws Article 9.4 states, “The National Committee shall have the power to designate the depository of all funds of the Party and shall appoint such officers and employees as in its judgment may seem advisable to deposit and withdraw funds.” The National Committee is delegating its authority here in accordance with Bylaws Article 7.1.

43 In the event that a budget is not adopted by the LNC, Bylaws Article 9.1 authorizes the Treasurer to spend money using the previous year's budget. “The fiscal term of the Party shall begin on January 1 of each year. From January 1 until the National Committee has approved a budget, the Treasurer may authorize expenditures for any item incorporated in the previous year's budget as long as the level of expenditure is consistent with that budget.”

44 Authorized by Bylaw Article 6.6.

45 Authorized by Bylaw Article 6.6.

46 This policy is derived from and serves as an interpretation of Bylaw Article 9.5.

47 Authorized by Bylaw Article 4.2.

48 Qualifications for sustaining membership are defined by Bylaw Article 4.4.
In the absence of this rule there is no requirement in RONR to send such documents in advance. RONR p. 459 RONR (12th ed.) 47:33.10 states that the Secretary is responsible for preparing “prior to each meeting, an order of business for the use of the presiding officer, showing in their exact order, under the correct headings, all matters known in advance that are due to come up and—if applicable—the times for which they are set.”

RONR p. 372 RONR (12th ed.) 41:62. states that a proposed agenda is not binding. “In some organizations, it is customary to send each member, in advance of a meeting, an order of business or agenda, with some indication of the matters to be considered under each heading. Such an agenda is often provided for information only, with no intention or practice of submitting it for adoption. Unless a pre-circulated agenda is formally adopted at the session to which it applies, it is not binding as to detail or order of consideration, other than as it lists preexisting orders of the day (pp. 364ff. RONR (12th ed.) 41:39-40 or conforms to the standard order of business (pp. 25-26, 353ff. RONR (12th ed.) 3:15-17, 41:5) or an order of business prescribed by the rules of the organization (pp. 16-25 RONR (12th ed.) 2:14-22, 3:15-17).

It requires a simple majority for the LNC to adopt an agenda (RONR p. 372 RONR (12th ed.) 41:61).

RONR recommends against attempting to conduct business by electronic email, as it does not constitute a deliberative assembly and will result in many situations unprecedented in parliamentary law, and many rules and customs of parliamentary law cannot be applied. See RONR footnote on p. 1 RONR (12th ed.) 1.1n1 and also p. 98 lines 14-19 9:30-36.

1) Meeting Minutes

In addition to the requirements articulated by RONR, the meeting minutes shall include the following:

- Any disclosure of a conflict of interest by an LNC Member shall be noted in the minutes, or in an attached report thereto, of the subsequent LNC meeting, citing the individual and pertinent details needed to identify the conflict of interest.¹

- Copies of reports submitted for review as appendices.

- The following aspects of each mail ballot conducted since the prior meeting and reported by the Secretary at that meeting:
  - the complete text of the motion,
  - the names of the co-sponsors,
  - the dates of the initiation and completion of the balloting, and
  - the roll of those voting on the motion.²

  *This requirement may be satisfied by including this information in the Secretary's Report appended to the minutes.*

- Complete text of all motions made with notations of any vote counts for rising votes or votes by show of hands announced by the Chair.

Minutes must be presented for approval no later than the next regular meeting with a draft circulated no later than thirty (30) days prior to that meeting. Meetings occurring within thirty (30) days of the next regular meeting will be presented for approval at the next following regular meeting with a draft circulated no later than thirty (30) prior to that meeting. Meeting minutes for LNC electronic meetings or face-to-face meetings involving travel to a single site may be promoted from draft status to official during the time between LNC meetings as follows:³

- Draft minutes shall be mailed or emailed to all LNC Members not more than fifteen (15) twenty (20) days after each meeting.

- Corrections, clarifications, and changes to the draft minutes may be submitted for the Secretary's consideration for a period of fifteen (15) days following the distribution of the draft minutes. The Secretary shall distribute an updated version of the draft minutes not later than seven (7) days following the end of that submission period. *If no changes are distributed during that period, the minutes shall be promoted from draft to final.*

- The updated version shall be deemed official if no LNC Member challenges the content to the Secretary within seven (7) days of the distribution of the updated
version. Any additional changes will be made by the Secretary within two (days) and distributed for an additional seven (7) day review period. This process shall repeat until there are no challenges or the next regular LNC meeting, whichever comes first. These provisions are void if the Secretary fails to distribute the draft minutes of a meeting within fifteen 15 days after that meeting, or fails to distribute an updated version as described above.

[also insert footnote here: The only proper way to object to the approval of the secretary’s draft of the minutes is to offer a correction to it. See RONR 41:11. Also, a member who believes that further investigation or redrafting is necessary in order to produce a correct version of the minutes may offer a motion to refer the minutes to a committee or to postpone their approval to a certain time. See RONR 41, footnote 3]

• These auto-approval provisions are void if the Secretary fails to distribute the draft minutes of a meeting within twenty (20) days after that meeting or fails to distribute updated versions as described above.

• The Secretary shall send an official copy of meeting minutes to staff within seven (7) days of the promotion of those minutes from draft to official status for posting on the Party website and shall provide a final copy to all LNC members.

Meeting minutes for Executive Committee meetings may be promoted from draft status to official during the time between Executive Committee meetings as follows:

• Draft minutes for Executive Committee meetings shall be emailed to all LNC Members not more than 7 days after each meeting.4

• Absent objection from an Executive Committee member who attended the meeting, the minutes shall be deemed to be approved 14 days after their distribution.5

• Executive Committee minutes shall be distributed to all LNC Members and alternates within 7 days of such approval.

• The Secretary shall send an official copy of meeting minutes to staff within seven (7) days of the promotion of those minutes from draft to official status for posting on the Party website and shall provide a final copy to all LNC members.

1 In the absence of this rule, the minutes would not reflect disclosed conflicts of interest. See RONR beginning at p. 468 for the contents of minutes.

2 Robert’s RONR recommends against attempting to conduct business by electronic email, as it does not constitute a deliberative assembly and will result in many situations
unprecedented in parliamentary law, and many rules and customs of parliamentary law cannot be applied. See RONR footnote on p. 1 and also p. 98 lines 14-19.

3 In the absence of this rule, each day’s minutes would be approved at the beginning of the next day of the session and the final day’s minutes would be approved before the final adjournment, unless the body authorizes the executive board or a committee to approve the minutes at a later time. See RONR p. 473-475.

4 In the absence of this rule, minutes would only be accessible by members of the Executive Committee. RONR p. 460 lines 13-20 states “Any member has a right to examine these reports and the record book(s) referred to on p. 459, lines 13-16 including the minutes of an executive session, at a reasonable time and place, but this privilege must not be abused to the annoyance of the secretary. The same principle applies to records kept by boards and committees, these being accessible to members of the boards or committees but to no others (but see p. 487, ll. 13-20).”

5 In the absence of this rule, each day’s minutes would be approved at the beginning of the next day of the session and the final day’s minutes would be approved before the final adjournment, unless the body authorizes the executive board or a committee to approve the minutes at a later time. See RONR p. 473-475.
APPENDIX HH – PROPOSED FUTURE MEETING LOCATIONS

December 2020: Riverside, CA or Silicon Valley (r. 4). We have not had a meeting in California since 2008. Los Angeles area is our largest single cluster of donors and Supervisor Hewitt has offered to help host an event. While normally staff travel costs have us in DC, travel costs are much lower this year (for now).

March/April 2021: Boston or New York (r. 8): We have not had a meeting in what is now R8 since 1993. If lower travel/hotel costs hold, staff would like to prepare a large donor event.

June 2021: Chicago (r. 6) or Detroit (r. 3): Chicago is our 5th largest cluster of donors.

September/October 2021: Denver (r. 1): 50th anniversary celebration of party founding. Denver is also our 7th largest cluster of donors.

December 2021: DC metropolitan area (r. 5) or Atlanta (r. 2), depending on travel costs. The 2024 convention is scheduled to be in DC.

March/April 2022: r. 7 location. The largest clusters of donors are Austin, Houston, New Orleans, DFW, and NW Arkansas, but the clusters are large enough to justify standalone visits outside of LNC meetings.

May 23-31, 2022: Sparks, NV (r. 1) – convention.
APPENDIX II
PROPOSED POLICY MANUAL CHANGES TO IMPLEMENT COMMITTEE “DIRECTOR MODEL”

APPENDIX II – PROPOSED POLICY MANUAL CHANGE TO IMPLEMENT COMMITTEE “DIRECTOR MODEL”

Background and purpose: The Policy Manual contains information about subcommittees of the LNC in various places. This would consolidate all items related to committees to one article. This also creates coordinators, thereby seeking to delineate committees as (primarily) deliberative bodies, and coordinators as those who execute tasks. Coordinators are volunteers who report to the LNC and the LNC Chair. It specifically replaces the IT Committee with an IT Coordinator, as recommended by the 2016-2018 IT Committee. It splits the Ballot Access Committee into two different things (committee and coordinator). It also replaces the Convention Oversight Committee with the Events Director, who has a slightly broader scope (and better reflects how the COC actually works anyway).

Strike Section 1.01(3) (and re-order other sub-sections accordingly)
Strike Section 1.03 (and re-order other sections under Article I accordingly)
Strike Section 2.02 (and re-order other sections under Article II accordingly)
Create a new Article III (and renumber other subsequent Articles and Sections accordingly) to read as follows:

ARTICLE III. SUB-COMMITTEES AND COORDINATORS OF THE LNC

Section 3.01 DEFINITIONS AND PURPOSE

1) A “sub-committee” is any standing or ad-hoc committee created by the LNC, or by any sub-committee of the LNC, to engage in the deliberative process of creating recommendations to report back to the committee which created it.

2) A “coordinator” is any person appointed by the LNC to oversee and/or execute a task or set of tasks, report progress on the accomplishment of those tasks to the LNC, and make recommendations to the LNC.

3) Each sub-committee and coordinator shall provide a status report to the LNC at each in-person meeting of the LNC.

Section 3.02 APPOINTMENTS AND TERMS OF OFFICE

1) Sub-Committees
   a) The LNC shall have the authority to appoint those who qualify as Basic Supporting Members of the National Party to any sub-committee of the LNC. Any sub-committee of the LNC may create a sub-committee for itself upon request of the LNC or upon its own determination for such purpose.
   b) The LNC shall have the authority, by two-thirds (2/3) vote, to remove any member of a sub-committee. The LNC shall have the authority to dissolve any ad-hoc committee by majority vote.
   c) Unless otherwise specified in the bylaws or in this Policy Manual, all sub-committees shall consist of seven (7) members, of which at least one (1) shall be an LNC member and at least one (1) non-LNC member and with the term concluding at the close of the next National Convention.
d) The Chair, Vice-Chair, and Secretary of each sub-committee shall be chosen by the members of that committee from among the members of that committee.
e) The LNC Chair shall serve as a non-voting ex-officio member of all LNC-created committees, except where specifically appointed to the committee as a voting member.
f) Unless explicitly excluded in this policy manual or the bylaws, an alternate may fill any appointment requiring an LNC member.

2) Coordinators
   a) The LNC may appoint a standing or ad-hoc coordinator at their discretion; by two-thirds (2/3) vote, or by majority vote if the coordinator being appointed qualifies as a Basic Supporting Member (BSM).
   b) A coordinator may be removed by the LNC Chair or by majority vote of the LNC. Unless otherwise specified, the term of a coordinator shall otherwise be the close of the National Convention.
   c) A coordinator may appoint one or more BSM as a deputy coordinator to assist in the execution of the assigned tasks, who shall serve at the leisure of the coordinator. Appointment of a non-BSM shall require approval by two-thirds (2/3) vote of the LNC.
   d) In the event that the LNC hires or contracts a director with duties which overlap those of the coordinator, the coordinator shall transfer those duties to the director.

Section 3.03 DUTIES, PURPOSE, REPORTING, AND ACCOUNTABILITY

1) Unless otherwise specified in the bylaws or in this Policy Manual, all sub-committees shall be required to be transparent, with meetings and business mailing lists open to the membership, reserving executive session for only legal and personnel matters. All sub-committees shall operate under the latest edition of Robert’s Rules of Order Newly Revised.
2) Each sub-committee or coordinator, whether standing or ad-hoc, shall have purpose and tasks defined. No sub-committee or coordinator may be given duties overlapping those given to another sub-committee or coordinator.
3) A sub-committee shall meet no less often than monthly.
4) Between meetings of the LNC, a coordinator shall provide reports to the LNC Chair when requested by the Chair or when deemed necessary by the coordinator.
5) At each regular LNC meeting, each sub-committee and coordinator will, at minimum, provide a written report at least seven (7) days prior to the session noting the dates and attendance rosters for each of their meetings since the previous regular LNC meeting.
6) Neither coordinators, nor the members of any sub-committee, shall be compensated beyond actual expenses, and such compensation shall require approval by the LNC.

Section 3.04 STANDING SUB-COMMITTEES OF THE LNC

1) Advertising & Publication Review Committee
   a) The Advertising & Publication Review Committee (APRC) shall review and advise whether public communications of the Party violate our bylaws, policy manual, or
advocate moving public policy in a different direction other than a libertarian direction, as delineated by the Party platform.

i) Public communications may be defined in either of two (2) categories: time-sensitive or enduring.

- Public communications that are of a time-sensitive nature, namely mass e-mails, news releases, twitter posts, and blog entries, shall be made available to the APRC upon their publication.
- Public communications that are of a more enduring nature, such as LP News, Liberty Pledge News, self-published Party literature, and fundraising letters, shall be made available to the APRC before the final proof is approved for printing and distribution.

ii) Staff should seek advance advice from the APRC on any proposed communication. Staff may reasonably conclude that the failure of the APRC to provide advice in a timely manner is tantamount to the committee’s approval.

- In the case of public communications that are of a time-sensitive nature, a response is considered timely if made within six (6) hours of staff’s submission of the subject matter to the committee, if submitted prior to its publication; and within forty-eight (48) hours, if submitted after its publication.
- In the case of public communications that are of a more enduring nature, a response is considered timely if made within twenty-four (24) hours of staff’s submission of the subject matter to the committee.

b) If a majority of the committee concludes that a public communication violates the bylaws, policy manual, or advocates moving public policy in a different direction other than a libertarian direction, as delineated by the Party platform, the committee chair shall report such to the Executive Director and the LNC Chair, citing the specific platform plank, bylaw or policy manual section. Official decisions of the APRC which are overridden shall be promptly reported to the LNC without revealing confidential employer-employee matters.

c) This committee shall consist of five (5) LNC members, and shall not have non-LNC members. Communications between the APRC, staff, and the LNC Chair are in the nature of confidential employer-employee communications. However, the APRC may by majority vote agree to consult with other relevant individuals about matters which come before it, conditioned upon the prior agreement by such individuals to maintain confidentiality of the discussions. The LNC Chair in their bylaws-defined role as Chief Executive Officer of the Party retains the sole right to discipline and discharge employees who repeatedly contravene official Party positions.

2) Affiliate Support Committee

a) The Affiliate Support Committee (ASC) shall identify the needs and interests of the various affiliates, and specifically identify those affiliates that are in particular need of assistance that the LNC can provide.

b) The ASC shall identify and prioritize the needs and interests of the various affiliates, recommend to the LNC measures that will address the particular affiliates that need
assistance from the LNC, and establish a process for tracking the progress in meeting those needs. This ranked list shall be taken into consideration when drawing up the following year's budget, and throughout the year as needed. This list will also assist the Executive Director in deciding how to assign tasks to staff, by identifying those services that staff provides to the affiliates that are the most desired.

3) Audit Committee
   a) [Purpose]
   b) The Audit Committee shall select an independent audit company and to direct the scale and scope of standard annual audits of the Party's accounting records and processes. Following receipt of the audit company's report, the Committee shall help the LNC interpret the audit results and assist the latter in preparing any action plans that might be needed to alleviate deficiencies. The committee shall prepare and present a report to the National Convention.
   c) This committee shall consist of either three (3) or five (5) members, of which the majority shall be non-LNC members. LNC officers may not be appointed to this committee.

4) Awards Committee
   a) The Awards Committee shall handle the distribution of the following awards in convention:
      i) Thomas Jefferson Leadership Award with recognition of outstanding leadership, high character, and dedication to the principles and goals of the Party.
      ii) Patrick Henry Candidate Award with recognition of a very effective campaign for public office at the state or federal level, while communicating Libertarian ideas, principles, and values.
